The Register of Pope Gregory VII: 1073-1085

An English Translation

Introduction

The Register of Pope Gregory VII is a collection of letters and official documents written during the pontificate of Gregory VII, who reigned from 1073 to 1085. It is an invaluable historical source that provides insights into the political, religious, and social issues of the period.

Questions and Answers

1. What is the significance of the Register of Pope Gregory VII?

The Register is a primary source for studying the Gregorian Reforms, a movement initiated by Gregory VII to reform the Church and assert papal authority. It documents the pope's efforts to combat simony (the buying and selling of church offices) and clerical marriage, among other reforms.

2. Who compiled the Register?

The Register was compiled by Peter the Deacon, a monk at the Abbey of Monte Cassino. Peter worked on the project from 1073 until his death in 1087.

3. What types of documents are included in the Register?

The Register contains a wide range of documents, including papal letters, conciliar decrees, and diplomatic correspondence. Letters addressed to Gregory VII and other recipients are also included.

4. What is the historical context of the Register?

The Register was written during a period of great turmoil and conflict in the Church. Gregory VII clashed with Emperor Henry IV over issues of papal authority, leading to the Investiture Controversy. The Register reflects the tensions and challenges faced by the Church during this time.

5. Where can the Register be accessed?

The Register of Pope Gregory VII is available in various editions, including the English translation by Ephraim Emerton (1892-1894). It can be accessed through libraries and online databases.
