Q: How often should I text her?

A: Don't overwhelm her with messages. Aim for 2-3 texts per day, unless she's clearly interested in chatting more frequently. If she's not responding, give her some space.

Q: What should I say if she doesn't respond?

A: If she doesn't respond within a day or two, it's fine to send a follow-up text. Keep it brief and friendly, such as "Hope you're having a great day. Would love to chat again soon."

Q: How do I flirt over text?

A: Keep it subtle and playful. Use emojis and GIFs sparingly. Instead of "You're beautiful," try "Your smile lights up my day."

Q: What are some common texting mistakes to avoid?

A: Avoid being too pushy or demanding. Don't send overly long or rambling texts. Be mindful of your tone and ensure your messages are clear and easy to understand. Remember, texting is a tool to connect, not to replace face-to-face interactions. Use it wisely to show your interest and build a genuine connection.
