When did Big Magic come out?

How does Elizabeth Gilbert describe the creative process? I believe the creative process is both magical and magic. Because here is what I choose to believe about how creativity functions: I believe that our planet is inhabited not only by animals and plants and bacteria and viruses, but also by ideas. Ideas are a disembodied, energetic life-form.

What is the main point of the magic of thinking big? The book primarily focuses on positive thinking and its power to enhance lives. The crux of the book concentrates upon the importance of thinking big and self-belief. David states that it's important to think positive, dream big and work hard, and when these elements converge, it becomes easier to attain success.

Is Big Magic worth reading? Don't miss this book because it's by the author of a cheesy memoir. If you want to be an artist (and enjoy it) read Big Magic. She opens up an entirely new way of thinking about inspiration and the relationship you have with your craft.
