What is the best way to guess on the ACT test? Because of this, the best choice is to choose the same letter in a straight line. This will average 25% correct (20% correct for Math) and will capitalize on the even distribution better and more consistently than random guessing.

How to answer ACT questions?

Where can I find ACT practice tests? Once logged in to MyACT, select Tests & Prep for options to prepare for the ACT. You will be able to register for the ACT or choose prep alternatives including ACT Free Online Tests. All four subject tests will be displayed including the number of questions in each section.

Is C the most common answer on ACT? So at the very least, always guess! Myth 2: C is the best guess letter and is right more often than any other letter. C or H are right (and wrong) as often as any other answer choice. The only guess letter you don't want to use when you are completely guessing is E or K because they only show up on the math test.

Is C the most common answer? I'm sure you've heard this at some point “if you don't know the answer, always guess C. because it's the most common correct option”. That's just a myth, and generally there are no most common answers on multiple choice tests.

How do you outsmart the ACT?

Is it best to answer every question on the ACT? Read each question and possible responses completely before answering. If you're not sure of the answer, choose the one you think is best and move on. Be sure to answer every question—there's no penalty for guessing. Pace yourself and occasionally check the time.

Which ACT test has the most questions?

What math do you need to study for the ACT? Therefore, your ACT math prep will need to include Pre-Algebra, Elementary Algebra, Intermediate Algebra, Plane Geometry, and Coordinate Geometry. There is also some Trigonometry on the test, although it's not as heavily emphasized.

Should I guess b or c? The truth is that it doesn't matter which letter you pick, only that you stick to the one you choose. The best strategy, and the one that will maximize your overall point gain, is to pick your favorite letter and fill it in for every blind guess.

What is the best answer to guess on the ACT? For most of the ACT, there is no “best” letter to guess. Except... at the end of the Math section — then there is a best letter to guess on the ACT. Most people (and tutors) tell students that, if they have no idea on a question, to just guess answer choice “C” — the middle answer on most multiple choice tests.

Should I guess ABC or D? Whether that letter is A, B, C, or D doesn't matter—just be sure to stick with it every single time.

Is 18 a passing ACT score? The average ACT hovers just below 21, at a 20.9, making that a great benchmark for all college-bound students. Several colleges will accept an ACT score of 18, but not as many as we'd typically like to see. Re-taking the test and aiming for the 21 score would be ideal.

Can I get a scholarship with a 19 ACT score? A 19 ACT score likely won't earn you many merit scholarships, but there are plenty of other types of scholarships, including ones for passions, extracurriculars, and life circumstances.

Can you get a 36 on the ACT without getting every question right? Any way you calculate it, you can miss or skip a maximum of 2 questions to get a 36 composite score. That's not a lot, so if you're hoping for a perfect score, you will need a lot of practice.
