5th Edition PMP PMBOK Practice Exam with Solutions: Code of Professional Responsibility

The Project Management Body of Knowledge (PMBOK) is a globally recognized standard for project management. The fifth edition of the PMBOK updates the practices, tools, and techniques for project managers. To prepare for the Project Management Professional (PMP) certification exam based on the 5th edition PMBOK, practice exams are essential.

PMBOK 5th Edition Practice Exam Series Book 11

One of the most comprehensive practice exam books is "PMBOK 5th Edition Practice Exam Series Book 11." It offers 500 practice questions covering all domains of the PMBOK. Each question is aligned with the exam syllabus and includes detailed solutions.

Question

The project manager is evaluating a request from a stakeholder to expedite the project timeline. The project manager knows that this will increase the risk of the project not meeting its quality standards. What should the project manager do?

Answer

The project manager should:

- Document the stakeholder's request.
- Analyze the potential impact on project quality.
- Engage the team to determine if the timeline can be expedited while maintaining quality.
- Present the findings and recommendations to the stakeholder.

Question

A project is experiencing delays, and the project manager is concerned about completing the project within the budget. What should the project manager do?

Answer

The project manager should:

- Identify the root causes of the delays.
- Analyze the financial impact of the delays.
- Develop mitigation plans to reduce the delays and minimize the financial impact.
- Communicate the plans to the team and stakeholders.

Question

The project sponsor has asked the project manager to provide an update on the project's status. The project manager knows that the project is behind schedule, but they are not yet sure of the root cause. What should the project manager do?

Answer

The project manager should:

- Inform the project sponsor of the project status.
- Explain that the root cause is still under investigation.
- Provide any available information about the potential root cause.
- Commit to providing an update as soon as the root cause is identified.
