What outboard motor is the best?

What is the difference between Evinrude and Johnson? For many years, it was believed that the only difference between Johnson and Evinrude engines was the color of the cowling — this year, that all changes. With the Johnson line, Bombardier is sticking to the more traditional and less sophisticated carbureted two-stroke

engines and the less exciting four-stroke engines.

Does Evinrude still make a 2-stroke? The BRP Group has announced the discontinuation of production of Evinrude outboard engines. A partnership has been signed with Mercury Marine to focus on boat building. A turning point with the disappearance of the last major 2-stroke outboard brand.

Who makes outboard motors now? Yamaha Motor Co. Ltd, Honda Marine, Suzuki Motor Corporation, Tohatsu Corporation and Brunswick Corporation are the major companies operating in the Outboard Motor Market.

Are Evinrude eTec motors reliable? Are There Reliability Issues With a Used Evinrude E-TEC 150? Our OEM parts distributors and Evinrude dealerships have never noticed trends indicating the E-TEC 150 has issues that make it any less reliable than other outboard makes or models. In fact, the E-TEC has proven more reliable than certain other outboards.

Can you still buy new Evinrude outboards? The boating world was shocked when in May 2020, it was announced that iconic Evinrude Outboard Motors would immediately stop production.

Are 2-stroke outboards still made? Many parts of the world still get new Yamaha and Mercury 2 strokes. Probably other brands as well. They just can't be sold in the US because of our emissions standards.

Is Evinrude G2 discontinued? Evinrude outboard dealers like ARG Marine were surprised to find out in June of 2020 that one of the biggest names in the business decided to discontinue production of Evinrude E-TEC and E-TEC G2 outboard engines.

Are Johnson outboard motors still produced? No longer in production.

How long do Johnson outboards last? A generally accepted lifetime rule of thumb is that an outboard motor can last about 1500 hours to over 4000 hours (if used and serviced regularly).

Is there a shortage of outboard motors? Mercury expects it will be early 2025 before a worldwide shortage of high-performance outboard engines recovers from

the effects of war and the pandemic.

Can an outboard motor be rebuilt? Whether it's a kicker or a big V-6 engine, you'll eventually be faced with replacing your tired outboard engine. If a new engine isn't in the cards, repairing your existing engine or purchasing a rebuilt outboard motor can be a reasonable alternative.
