

# Boeing 777 systems study guide

## Download Complete File

**How long does it take to learn to fly a Boeing 777?** To become a certified pilot of the Boeing 777, a pilot must have at least 1,500 hours of total flight time. This amount includes at least 1,000 hours of commercial pilot time and at least 500 hours of turbine-powered aircraft time.

**How many classes are there in Boeing 777?** There are 8 First Class, 68 Business Class, 24 Premium Economy, and 112 Economy Class seats.

**Why is the Boeing 777 so special?** The 777 is the world's largest twinjet and the most-built wide-body airliner. The jetliner was designed to bridge the gap between Boeing's other wide body airplanes, the twin-engined 767 and quad-engined 747, and to replace aging DC-10 and L-1011 trijets.

**What is the seating capacity of the Boeing 777-300ER?** This Boeing 777-300ER seats 342 passengers in a three-class configuration and is primarily used on long-haul routes. There are 4 flat bed seats in First Class, 35 flat bed seats in Business, and 303 standard Economy Class seats.

**How much do 777 pilots make?** Boeing 777 Pilot Salaries Boeing 777 pilots are some of the highest-paid pilots in the aviation industry. On average, their salaries range from \$120,000 to \$250,000 annually, depending on the amount of experience and number of hours flown.

**Can a 777 pilot fly a 787?** A B777/787 type rating can be conducted either as a Standard Transition B777/787 Type Rating or as a Boeing Reduced Training Course to the B787. Note: The B777 is a common Type Rating with the B787. Therefore, when a pilot gets qualified on either aircraft, the endorsement on his/her licence is B777/787.

**Who is the largest operator of 777?** Emirates operates the world's largest fleet of Boeing 777 aircraft. We fly these modern aircraft to nearly 100 cities on six continents, carrying millions of passengers across the globe each year.

**What does er stand for in Boeing 777?** Boeing 777-200ER – The major difference between the Boeing 777-200 and the 777-200ER (ER stands for 'extended range') is that the 777-200ER has a longer range with a higher maximum takeoff weight.

**How many toilets does a Boeing 777 have?**

**Can a 777 fly on one engine?** A Boeing 777 — or, for that matter any twin-engined commercial transport aircraft — which has had one engine shut down or inoperative can fly safely up to the limits set by its ETOPS approval.

**Why is 777 so expensive?** What makes the plane so expensive? The 777-300ER can carry 365 passengers compared with the 787-9's capacity of 280. The GE engines on the 777 model develop 62% more thrust than the 787's two engines. The plane is also longer than the Dreamliner, has a greater wingspan and a greater wing area, and is taller.

**Which is better, A380 or Boeing 777?** The Airbus A380 can fly for 14,800 kilometers. The smaller of the 777Xs, the 777-8, can fly 16,090 kilometers, and the larger 777-9 can fly 13,940 kilometers. On range, the 777-8 substantially outperforms the A380. But most of the orders so far have been for the 777-9, which has a slightly shorter range than the A380.

**Is Boeing 777 bigger than Airbus A350?** The 777-9 is the largest of the two widebody families, boasting a length of nearly 252 feet and space for up to 426 passengers in two classes. The Airbus A350 follows at about 242 feet, then the 777-8 at 232.5 feet. The A350-900 is the smallest of the four at just over 219 feet long, according to the planemaker.

**Is Boeing 777-300ER bigger than Airbus?** In other words, the Boeing 777 targets a higher capacity than the A330. Measuring over 10 meters longer than the A330-300 and the 777-200, the 777-300 seats a significantly higher number of passengers. Meanwhile, the smaller A330-200 is more comparable in passenger capacity with the Boeing 767-400.

## How many hours can a Boeing 777-300ER fly?

**How to become a Boeing 777 pilot?** To become a Boeing 777 Pilot, one must possess a valid FAA Commercial Pilot License and Class I Medical Certificate, have a minimum of 1,500 hours of total flight time, including 500 hours of multi-engine aircraft time and 250 hours of actual or simulated instrument flight time.

**How long is Boeing training?** Boeing's pre-employment training program was created to prepare individuals for entry-level employment as mechanics in the aerospace field. Each type of mechanic is required to complete their respective program. Assembly mechanics are required to complete 408 hours of training; 40 hours per week, for 10 weeks.

**How long does it take to make 777?** I posed the question to Boeing on how long it takes for a 777 to be built and out of the factory, how long it takes to be painted and then how much longer before actually being delivered to a customer. I decided to share the answers. Total from first part to delivery: About 83 days — less than three months.

**How long can a Boeing 777 fly hours?** 777-200LR. The 777-200LR ("LR" for Long Range) is a longer-range version and the C-market model of the 777-200. The 777-200LR holds the record for longest-ever flight, totalling 22 hours, 42 minutes and flew 11,664 nautical miles from Hong Kong to London. It has a capacity of 301 passengers.
