**How can I enjoy my coffee?**

**How do you drink coffee without it tasting like coffee?** Medium roast coffee is a good starting point as it has a balance of flavours that are not too mild or too strong. In addition, you can experiment with adding milk to your coffee, which can help to temper any bitterness and add a creaminess to the taste.

**How to start drinking coffee when you hate it?** Start off with a half strength coffee. The more you dilute your cup the less intense the coffee flavours will be in it. Add in some sugars or syrups even to dull down the flavours even more. Don't jump straight to black coffee, stick to your milk based drinks like your lattes, cappuccinos or mochas for the beginning.

**What does putting cinnamon in your coffee do?** “Both cinnamon and coffee alone could be classified as a super food for the health benefits they each provide,” says Degagne. “And when combined, you also receive a synergistic effect of antioxidants, which help the body scavenge free radicals and keep your cells healthy.”

**Is it normal to not like coffee?** But in all seriousness, the truth is that some people really just don't enjoy the bold flavor of a strong cup of coffee—and that's okay. Besides, there's some evidence to suggest that our taste for coffee may be determined by our genes.

**What can I add to coffee to make it taste better?**

**How to make coffee taste nicer?**

**How do you make coffee enjoyable?**

**How can I enjoy coffee with anxiety?** Drink with food: Caffeine on an empty stomach can increase the likelihood of jitters. Try drinking your next cup with a small snack or meal to help regulate your blood sugar levels. Time your cup: Caffeine can stay in our system for several hours, so try to consume it earlier in the day rather than later.

**How do you make coffee feel better?**

**How can I enjoy my morning coffee?** Play around with different patterns and colours to see what speaks to you. Make time to grind your beans and inhale the fresh aroma. It's the perfect way to prepare your coffee, and senses. There are all sorts of other well chosen items that can help you create a special coffee moment at home.
