**Does .NET support Visual Basic?** NET (such as the BCL) will support VB and many of the improvements to the . NET Runtime and libraries will automatically benefit VB. When C# or the . NET Runtime introduce new features that would require language support, VB will generally adopt a consumption-only approach and avoid new syntax.

**What is VB.NET and C#?** C# is a general and modern object-oriented programming language that runs on the . NET framework. It is pronounced C-Sharp and is designed to make the platform run faster to get new and quality products in the market. VB.NET, on the other hand, is an object-oriented programming language implemented on the NET.

**What programming language does VB.NET use?** Visual Basic (VB), originally called Visual Basic . NET (VB.NET), is a multi-paradigm, object-oriented programming language, implemented on . NET, Mono, and the . NET Framework.

---

**Is Visual Basic similar to C#?** The bulk of the differences between C# and VB.NET from a technical perspective are syntactic sugar. That is, most of the features are in both languages, but some things are easier to do in one language than another. Many of the differences between the two languages are actually centered around the IDE.

**Is Microsoft killing Visual Basic?** Microsoft updated its programming languages strategy, confirming that Visual Basic will remain a going concern even though it's still relegated to second-rate status when compared to C# and F#.

**Is VB.NET still widely used?** If you are referring about VB. NET then it is still very much used as other than syntax it is just . NET framework and CLR ,so you can use access almost the features of CLR.

**Is Visual Basic dead?** No, VB.NET is not dead.

**Can you use VB in C#?** you can use your old vb code as libraries, but should write new code in C#. If you have a group of developers that can not move to C#, and you need to write . net core web or cross platform applications, then they will be limited to class libraries and unit tests.

**What is the difference in .NET and C#?** In conclusion, . NET and C# are two distinct entities within the software development landscape. . NET is a framework that provides a runtime environment and libraries, while C# is a programming language primarily used for building applications within the . NET framework.

**Is Visual Basic still used in 2024?** However, VB6 programs continue to run on the latest versions of Windows due to Microsoft's ongoing commitment to VB6 compatibility. As a result, VB6 applications remain in use across various sectors, including healthcare, retail, finance, construction, and others.

**What are the disadvantages of VB?** Less Flexibility - Whilst VB provides a quick and efficient way to build applications, its simplicity can sometimes limit the flexibility and control that developers have over their code when compared with other languages like C# or Java.

**Are Visual Basic and .NET the same?** (Note that “VB.NET” also refers to the version of Visual Basic that first employed the . NET framework.) Compared to VB 6.0, VB.NET is a fully object-oriented language like C++ or Java and it offers better performance and reliability. Today, the Visual Basic 6.0 IDE is no longer officially supported.

**What is the difference between Visual Basic and C programming?** C is a programming language for general purpose computers; VB is an event driven programming language that was designed to make computer programming easier for programming beginners.

**Can you convert Visual Basic to C#?** Code Converter (VB - C#) Adds context menu items to convert projects/files between VB.NET and C#. Flexible: Convert a small selection, or a whole solution in one go, in either direction. Accurate: Full project context (through Roslyn) is used to get the most accurate conversion.

**Is Visual Basic hard to learn?** This language's highly readable syntax is considered easier to learn than other programming languages. It is commonly used to create applications and websites, as well as to perform data analysis and automate various processes.

**Does Microsoft still support VB?** Microsoft continues to support and invest in VB.NET as a programming language. It is included in the latest versions of Visual Studio, the primary development environment for . NET, and is regularly updated with new features and improvements.

**Is Microsoft VBA being discontinued?** No, it is extremely unlikely that Microsoft will ditch VBA. There are far too many solutions all over the world that rely on it.

**Can I use Visual Basic online?** Once you have installed VB, you can write your code in the online code editor and use the debugger to find and fix any errors. You can also run your code directly from the online editor to see the results.

**Is Visual Basic part of .NET Framework?** .NET Framework applications are written in C#, F#, or Visual Basic and compiled to Common Intermediate Language (CIL).

**What was in John Winchester's journal?** John turned the journal into his own hunting journal after going to Missouri Moseley for answers, chronicling everything that he knew about various monsters and creatures, his hunt for Azazel and the various hunts he went on.

**Who is H in John Winchester's journal?** H was a hunter mentioned in John Winchester's Journal. It's not clear exactly what his real name was, but from what John Winchester describes he was a very ruthless hunter willing to abandon a dying friend on a hunt. In the beginning, he served as a mentor to John. Even saving him on a hunt, which is how the two met.

**What journal did they use in Supernatural?** I've been a fan of Supernatural since the beginning so when I saw this notebook, I placed my order without delay. In the show John Winchester's Journal is a large leather 'Filofax' type of notebook filled with everything he knows about monsters and demons and things that very definitely go bump in the night.

**What is the story of John Winchester?** Apparently abandoned by his father at a young age—his father actually died while serving a secret order known as the Men of Letters—John Winchester grew up hating the man. John left high school to join the Marine Corps, eventually attaining the rank of corporal and receiving many medals for his service in Vietnam.

Dean being the father, the demon who possessed her in 6x21 did say things that do not necessarily prove the parentage but do make it suspicious.

**Who is Dean's half brother?** Adam Milligan is a supporting character in Supernatural. He is the younger half-brother of Sam and Dean Winchester and the son of John Winchester.

**What did John whisper to Dean in Supernatural?** John told Dean to protect his brother and that he had to save Sam, but that if he couldn't, Dean would have to kill him.

**Who is Castiel in Supernatural based on?** One of the most beloved characters on Supernatural is Castiel, an angel with an iconic look and generous personality, however, this character may actually be based on another paranormal hero from the DC universe, John Constantine.

**What is the scariest episode in Supernatural?**

**How is John Winchester related to Dean Winchester?** Dean Winchester was born on January 24, 1979, to John and Mary Winchester in Lawrence, Kansas. He is the couple's first child, four years older than his younger brother, Sam. He is named after his maternal grandmother, Deanna Campbell.

**What is John Winchester's full name?** John Eric Winchester (1954-2006) was the son of Henry and Millie Winchester, the husband of Mary Winchester, and the father of Dean and Sam Winchester and Adam Milligan.

**Why is Sam special in Supernatural?** Sam has certainly been through the wringer in his lifetime. His mother was killed because of a demon deal to save her husband that allowed the demon Azazel to come into his room while he was a baby to turn him into a human-demon hybrid that gave him special powers.

**What is Castiel true form size?** Castiel : This is a vessel. My true form is the size of your Chrysler Building.

**When did John Winchester leave Supernatural?** John Winchester plays a driving force in Supernatural's early days, but his role as a recurring character was severely limited after the beginning of Supernatural season 2 when John was killed by the

demon Azazel.

**How tall is Dean Winchester in real life?** Dean and Sam Winchester, the central characters of the TV series "Supernatural," are portrayed by actors Jensen Ackles (Dean) and Jared Padalecki (Sam). Jensen Ackles is approximately 6 feet 1 inch (185 cm) tall. Jared Padalecki is approximately 6 feet 4 inches (193 cm) tall.

**What was Azazel's plan for Sam?** Azazel's last appearance chronologically is in the second season finale "All Hell Breaks Loose", where he kidnaps Sam and the other young adults that he had infected. He visits Sam in a dream, and reveals that his "special children" must fight to the death to determine who will lead his army.

**Who does Sam marry in Supernatural?** IN the finale of Supernatural, WHO did Sam marry, to have his son? According to the producers, it was Eileen, his deaf girlfriend from the last few seasons.

**Why does Sam drink demon blood?** It once fueled Sam's psychic ability as well as his ability to mentally exorcise and kill demons. It was believed that the more powerful the demon, the more blood must be consumed in order to exorcise it.

**Was that Dean in the picture on the Winchesters?** Warning: spoilers ahead for The Winchesters episode 8. Jensen Ackles' Dean Winchester has made another appearance in The Winchesters, and his photographic cameo leaves big Supernatural questions to ponder.

**Who is John Winchester's other son?** Adam Millagan was the estranged son of John Winchester who met Adam's mother Kate when he was injured and being a nurse she tended to him. The two formed a relationship before John left town unaware that she was pregnant with their son. When Adam was twelve he begged his mother to contact John, to which she did.

**What was Mary Winchester's deal?** He killed John then revealed that he had also killed her parents, devastating Mary. He then pressured her into making a deal for John's resurrection and her having a normal life; in exchange, she granted permission for him to enter her house in ten years.

**How is John Winchester related to Dean Winchester?** Dean Winchester was born on January 24, 1979, to John and Mary Winchester in Lawrence, Kansas. He is

HABIS GELAP TERBITLAH TERANG RADEN ADJENG KARTINI

the couple's first child, four years older than his younger brother, Sam. He is named after his maternal grandmother, Deanna Campbell.

**Why is Sam not in The Winchesters?** Padalecki's exclusion from The Winchesters Season 1 is due to something far less scandalous than a Twitter beef. Not only did the beef happen about a year and a half before The Winchesters actually began filming, but it also happened to conflict with another of Padalecki's projects.

**What did John Winchester tell Dean before he died?** If you are asking what John said to Dean right before he died, he told Dean that Sam might turn evil because of what the Yellow Eyed Demon did to Sam as an infant. He said "if you can't save him, you'll have to kill him."

**Why is Dean alone in The Winchesters?** Aside from real-life scheduling concerns, a possible in-universe explanation for the Supernatural's frequently killed Dean flying solo on The Winchesters narration is that being the older brother, he was the only one to be around for a considerable period of John and Mary's time as a married couple.

**Why did John Winchester leave Supernatural?** Despite the bevy of rumors swirling in 2006, the reason Morgan left Supernatural is much more straightforward than John's exit; he was simply too busy to continue the series.

**Is Ben Braeden Dean Winchester's son?** Ben Braeden's father has never been confirmed, and the similarities between the pair are striking. Despite Lisa's denial of Dean being the father, the demon who possessed her in 6x21 did say things that do not necessarily prove the parentage but do make it suspicious.

**Will John Winchester return to Supernatural?** Your prayers to Chuck have been answered, "Supernatural" family: Jeffrey Dean Morgan will be reprising his role as John Winchester for The CW series' 300th episode. No word on exactly how Sam (Jared Padalecki) and Dean's (Jensen Ackles) dad will return for the landmark installment, titled "Lebanon," which airs Feb. 7.

**Does Dean forgive Jack for killing Mary?** He agrees with Mrs. Butters that Mary was lovely before confessing that he killed her though he didn't mean to, visibly upset over what he had done. Dean later tells Jack that he is no longer as angry over

Mary's death, but still needs time and can't forget what Jack did.

**Who was the demon that killed Sam and Dean's mom?** Azazel eventually comes across Mary Campbell, the future mother of series protagonists Sam and Dean Winchester. After taking possession of her father (Mitch Pileggi), he kills her mother and stabs himself to kill his host. Mary's fiancé, John Winchester, is the demon's next victim.

**What happened to John and Mary Winchester?** Jump The Shark (Season 4, Episode 19) Mary died in 1983, and John was on the road a lot after, schlepping his two young sons all across the country as he tried to track down the demon that killed his beloved. But he was only human, and he ended up having at least one romantic relationship along the way.

**Was Dean in love with Jo?** Throughout the second season, Jo appears to have romantic feelings for Dean, but Dean does not have feelings for her, it seems to him that she is like a sister to him.

**Who did Dean Winchester love the most?** 2 Lisa Braeden Was Dean's Longest and Most Intense Love Interest. Dean and Lisa had a classic on-again-off-again relationship, which initially seemed quite complicated. However, it seemed that Lisa was Dean's only love interest that was deep enough for him to keep going back to her.

**What did Deans dad whisper in his ear?** At the lake, Dean reveals to Sam the secret that John whispered into his ear before he died. John told Dean to protect his brother and that he had to save Sam, but that if he couldn't, Dean would have to kill him.
