Why do Protestants not include deuterocanonical books? The deuterocanonicals teach Catholic doctrine, and for this reason they were taken out of the Old Testament by Martin Luther and placed in an appendix without page numbers. Do Catholics reject the Apocrypha? Why was Apocrypha removed from the Bible? They reasoned that not printing the Apocrypha within the Bible would prove to be less costly to produce. Since that time most modern editions of the Bible and reprintings of the King James Bible omit the Apocrypha section. Modern non-Catholic reprintings of the Clementine Vulgate commonly omit the Apocrypha section.

Why don't we read the Apocrypha? They have been understood by many Protestants to be helpful, but not understood by them as meeting the high standard for canonicity. They've not been understood to be inspired, and so they are excluded or hidden away. They are the Apocrypha. So that is why the Apocryphal books are not in the Bible.
