Is your first 100 million a good book? The book is written by a man who knows everything about business to make any business a success. Dan Pena is straight and to the point. It tells it how it is and pulls no punches. This is a must read.

How did Dan Pena make all his money? Dan Peña wasn't always a millionaire and grew up in a rough area of East Los Angeles. After serving in the military, he became an adept businessman and started a number of real estate and energy companies. With a net worth of \$500 million, Dan Peña has built an empire complete with a Scottish castle.

What grade level is the 100 book? This book contains a variety of mystery, violence and romance all at the same time. I rated it 12 and up due to there being gore and violence, sexual references and mild language. I wouldn't recommend this for younger children. I would explain what it's about but every little detail can be a major spoiler!

Is your first million the hardest? It's true that it's easier for the rich to get richer. That first million is by far the toughest to save. But once you're there, it gets much easier to make the next million. The key is getting to a point where your money is making money whether you are working or not.

Is Dan Pena self-made? Learn the secrets of the billion dollar mindset from Dan Pena, the self-made millionaire who has helped countless entrepreneurs achieve success.

Did Dan Pena serve in the military? After college, Peña served in the US Army, where he learned discipline and leadership skills to serve him well in his future career. Dan Peña's early career began after he completed his service in the US

Army.
