The Great Terror: A Reassessment by Robert Conquest

1. What was the Great Terror?

The Great Terror was a period of severe political repression and mass murder in the Soviet Union from 1935 to 1938. It was initiated by Joseph Stalin's regime and resulted in the deaths of millions of people.

2. What is Robert Conquest's reassessment of the Great Terror?

British historian Robert Conquest's 1968 book, "The Great Terror," was a groundbreaking work that challenged the Soviet government's official narrative of the period. Conquest argued that the Terror was not a series of random acts of violence, but a systematic campaign of terror aimed at eliminating opposition to Stalin's rule.

3. What factors contributed to the Great Terror?

According to Conquest, the Great Terror was motivated by a combination of factors, including Stalin's paranoia, his desire to consolidate his power, and the need to suppress potential rivals. The Terror was also fueled by the Soviet regime's ideology, which emphasized the need for total control and the suppression of dissent.

4. What were the methods used to carry out the Great Terror?

During the Great Terror, the Soviet regime used a variety of methods to eliminate its perceived enemies. These included mass arrests, summary executions, and forced labor camps. Many people were arrested and sentenced to long prison terms or exile.

without any due process.

5. What were the consequences of the Great Terror?

The Great Terror had a devastating impact on Soviet society. Millions of people were killed, and many more were imprisoned or exiled. The Terror also created a climate of fear and suspicion that pervaded all aspects of life. The legacy of the Great Terror continues to haunt Russia today.
