What is the story of Oedipus the King? Oedipus, in Greek mythology, the king of Thebes who unwittingly killed his father and married his mother. Homer related that Oedipus's wife and mother hanged herself when the truth of their relationship became known, though Oedipus apparently continued to rule at Thebes until his death.

What is the main idea of Oedipus the King? Fate versus free will is the central theme of the play. The story revolves around Oedipus' attempt to use his own free will to escape the prophecy given to him by the Oracle of Delphi. The oracle prophesied that Oedipus' fate was to marry his mother and kill his father.

Why did Oedipus marry his mother? Oedipus went to the same oracle in Delphi that his birth parents had consulted. The oracle informed him that he was destined to murder his father and marry his mother. In an attempt to avoid such a fate, he decided not to return home to Corinth, but to travel to Thebes, which was closer to Delphi.

How does Oedipus the King end? At the end of the play, after the truth finally comes to light, Jocasta hangs herself while Oedipus, horrified at his patricide and incest, proceeds to gouge out his own eyes in despair. In his Poetics, Aristotle refers several times to the play in order to exemplify aspects of the genre.

What is the moral of Oedipus the King? Quick answer: The moral of Oedipus Rex is that one cannot control one's own destiny and that pride leads to downfall.

Why does Oedipus blind himself? Oedipus blinds himself after learning that he inadvertently murdered his father and slept with his mother. He is so appalled by this revelation that he feels the need to physically punish himself. He blinds himself because he cannot handle the truth of his actions.

What does Oedipus teach us? Oedipus teaches us that we are not always blameless and that truly fixing the situation may require facing hard truths about

ourselves.

What is Oedipus' tragic flaw? In the case of Oedipus, his tragic flaw is hubris, or excessive pride. In thinking that he could outrun his own fate, he inevitably causes it to happen. In ancient Greek culture one would have to suffer from extreme pride to think they could defy the will of the gods. Oedipus's pride is exacerbated by his temper.

What happens to Oedipus after he blinded himself? Oedipus, in disgrace, left his country, and, as a blind beggar, wandered in the countryside. Oedipus was the unhappiest man who ever was. He lived in suffering to an old age, accompanied by his daughter Antigone, until the gods, pitying his pain, whisked him off the face of the earth at a sacred place near Athens.

Did Oedipus know he slept with his mother? Jocasta becomes convinced that Oedipus murdered Laius. Oedipus brings in the herdsman who rescued him as a child. Oedipus squeezes the information out of the herdsman and realizes that he is the son of Laius and Jocasta, killed his father (Laius) and slept with his mother (Jocasta).

Did Oedipus mom know he was her son? Oedipus asks about his mother, since there's that other part of the prophecy, and the Messenger tells him he was adopted. Jocasta realizes the truth—that Oedipus is her son as well as her husband—and tells Oedipus to stop the interrogations.

What did Jocasta do to Oedipus as a baby? Jocasta handed the newborn infant over to Laius. Jocasta or Laius pierced and pinned the infant's ankles together. Laius instructed his chief shepherd, Menoetes (not to be confused with Menoetes, the underworld spirit) a slave who had been born in the palace, to expose the infant on Cithaeron and leave it to die.

How does Oedipus realize he killed his father? Only when Oedipus threatens violence does the shepherd reveal that long ago he disobeyed his orders and saved the baby out of pity. And, finally, he admits that the baby was the son of Laius and Jocasta. With this news, Oedipus realizes that he has murdered his father and married his mother.

Why did Apollo curse Oedipus? Oedipus' hubris was accepted by his citizens, as a result, Apollo had cursed them for they had been influenced by the insolence he had towards the gods. Oedipus was also the source of the pestilence that his polis had fallen ill to, he had believed that if he were exiled that they would be cured.

How many children did Oedipus and Jocasta have? Oedipus is received at Thebes as a national hero, and invited to marry the recently widowed queen Jocasta. Oedipus and Jocasta have four children: Eteocles and Polyneices, Antigone and Ismene.

Why did Tiresias become a woman? Hera, Zeus' wife, turned Tiresias into a woman because he hit two snakes in the throes of passion. Hera eventually turns him back into a man when, seven years later, he comes upon two snakes again and chooses not to strike them.

What crimes did Oedipus commit? On the surface, Oedipus committed the crimes of murder and patricide and incest, although he did not know he was doing it at the time. On a deeper level, though, Oedipus committed the crime of pride.

When Jocasta discovers what she has done, she? When Jocasta learns of this, she is so consumed by shame and guilt that she takes her own life. Oedipus blinds himself so that he cannot look upon what he has done. The play concludes as Oedipus submits to Creon's leadership and awaits his fate.

Why does Oedipus put his eyes out when he realizes the truth? In order to escape the horrors he has committed, Oedipus gouges out his eyes with Jocasta's pins. This action demonstrates his knowledge of the truth, mirroring the knowledge of the blind prophet Tiresias. Oedipus's eyes themselves symbolize ignorance when Oedipus has sight and knowledge when he becomes blind.

What curse did Oedipus place on his sons? Outraged by both his unfaithful sons, Oedipus condemns them to die in battle by each other's hand. The blind king extends his powerful arms to curse them, while Polynices recoils as if struck a painful blow. Standing between her father and brother, Antigone, Oedipus's loyal daughter (and sister) seeks reconciliation.

How was Laius killed? He set out for Thebes and on the road encountered King Laius. The pair got into a quarrel over the right-of-way which quickly escalated. Ignorant of his true ancestry, Oedipus killed his own father, slaying him with his sword.

Is Oedipus a hero or villain? Though the story of Oedipus had existed before the play, Sophocles is the one who immortalized Oedipus as a tragic hero with his portrayal in Oedipus Rex. Sophocles focused on Oedipus as a great man who was brought down by fate and an inadvertent bad decision, engendering sympathy in the audience as we watch.

What truth does Oedipus ultimately learn? Sophocles' tragic play, Oedipus the King, depicts a spectacular deterioration of its titular protagonist as he realises the truth of his own past: that he has killed his own father, and committed incest with his mother.

What is the paradox in Oedipus the King? At the heart of Oedipus Rex is a paradox: a leader must figure out what is destroying his city, but will destroy himself by doing so. The very traits that made him an effective ruler will ruin him.

What does Jocasta do when she finds out the truth? Jocasta now realizes that Oedipus is the baby she and Laius abandoned, and that the prophecy has come true. She begs Oedipus to stop his inquiry, but he refuses, and she runs into the palace screaming. This scene turns on multiple ironies as Oedipus draws closer to the revelation of his birth.

What does Jocasta attempt to prove to Oedipus? Oedipus explains to Jocasta how Tiresias condemned him, and Jocasta responds that all prophets are false. As proof, she offers the fact that the Delphic oracle told Laius he would be murdered by his son, while actually his son was cast out of Thebes as a baby and Laius was murdered by a band of thieves.

What was the riddle the sphinx asked Oedipus and what was his answer? She has sent a plague over the land, and to lift the plague, the hero has to answer the riddle that she presents: "What is it that walks on four legs, then on two legs, and then on three?" The answer is "Man." The child creeps about on four legs, the adult

walks on two, and the aged walk with a cane.
