How to Cite in Academic Writing**

APA and ACS Referencing Styles

APA Referencing Style

- Styles are divided into two main sections: In-text citations (parenthetical citations) and a Reference List.
- **In-text citations:**
 - Include the author's last name and the year of publication, e.g., (Smith, 2020).
 - For multiple authors, use the first author's last name followed by "et al.", e.g., (Brown et al., 2021).
- **Reference List:**
 - List references in alphabetical order by the first author's last name.
 - Include author names, publication date, title, publication information, and DOI (if available).

ACS Referencing Style

- **Reference style:** Numbered reference system
- **Numbered references:**
 - Citations within the text are denoted by superscript numbers, e.g., [1].

- **References section:**
 - List references in numerical order.
 - Include author names, publication date, title, and bibliographic information.
- **Example:** [1] Smith, J. D.; Jones, A. B. Title of Book Chapter in: Title of Book; Editor(s) of Book; Publisher: City, Year; pp. Start-End Page.

Organizing ACS References

- **Order:** Arrange references numerically as they appear in the text.
- **Double spacing:** References should be double-spaced throughout.
- **Alphabetical order:** The reference list is not in alphabetical order.

Specific Format and Citation Types

- **Book chapter:** [1] Smith, J. D.; Jones, A. B. Title of Book Chapter in: Title of Book; Editor(s) of Book; Publisher: City, Year; pp. Start-End Page.
- **Book:** [2] Doe, L. Title of Book. Publisher: City, Year.
- **PDF:** [3] Roe, C. D. Title of Document. Available online at: URL (accessed on Date).
- **Patent:** [4] Liu, Z.; Chen, Y. Title of Patent. Patent Number, Issue Date.
- **DOI:** DOIs are included after the bibliographic information, e.g., [1] Smith, J. D.; Jones, A. B. Title of Book Chapter in: Title of Book; Editor(s) of Book; Publisher: City, Year; pp. Start-End Page. DOI: 10.1021/acs.jctc.1c00452.

Additional Notes

- ACS references do not use footnotes.
- All authors are listed (no "et al.").
- ACS reference style uses a numbered system instead of author-date citations.
- To check the accuracy of your references, refer to the specific referencing style requirements and use a citation manager or online tools.
