Civil Engineering Education in the Philippines**

Origins of Civil Engineering in the Philippines

The first school in the Philippines to offer the degree of civil engineering was the **University of the Philippines (UP)** in **1907**. This marked the formal introduction of civil engineering education in the country.

Father of Civil Engineering in the Philippines

The father of civil engineering in the Philippines is considered to be **Don Antonio Luna**, who established the Bureau of Civil Engineering in 1898.

Current Status of Civil Engineering Education

Today, many universities in the Philippines offer civil engineering programs. **Cebu Technological University (CTU)** is one such institution that provides undergraduate and graduate degrees in the field.

Admission Requirements and GPA

Admission to civil engineering programs in the Philippines typically requires a high school diploma with strong academic performance in mathematics, physics, and science. A grade point average (GPA) of **3.0 or above** is often expected.

International Students

CTU welcomes international students from countries around the world. The university provides support services to assist international students with immigration, academic integration, and cultural adjustment.

Cebu Technological University (CTU)

- **Rank:** CTU is ranked among the top universities in the Philippines for engineering and technology.
- **History of Special Education:** CTU has played a significant role in the development of special education in the Philippines since its establishment in **1907**.

Oldest Civil Engineering School

The oldest civil engineering school in the world is the **École des Ponts et Chaussées** in France, which was founded in **1716**.

Other Universities Offering Civil Engineering

In addition to UP and CTU, other universities in the Philippines that offer civil engineering programs include:

- **Ateneo de Manila University**
- **De La Salle University**
- **University of Santo Tomas**
- **Mapúa University**
- **National University**

First National Engineering University

The **University of the Philippines (UP)** is the first national engineering university in the Philippines, established in **1908**.
