In this context, organizational theory seeks to understand how social organizations and companies operate. The main elements of organizational behavior are people, environment, technology, and structure.

**How many Heir to the Empire books are there?** The Thrawn trilogy, also known as the Heir to the Empire trilogy, is a trilogy of novels set in the Star Wars universe, written by Timothy Zahn between 1991 and 1993.

**Was Heir to the Empire ever canon?** Continuity. Shortly after the release of the novel, Lucasfilm Fan Club Magazine clarified, although the book was licensed and approved by Lucasfilm, Heir to the Empire is not George Lucas' story, nor the official continuation of the saga, but, rather, a story of Timothy Zahn's own imagination.

**Is the Thrawn trilogy canon?** The new one (Thrawn, Alliances, Treason) is indeed canon. Probably will extend beyond a trilogy with new books coming. Jamy If I'm correct, the only Thrawn novels that are "currently canon" are the last three that make up newest trilogy. I still love reading them all...

**What were Thrawn's last words?** Just as Thrawn and Pellaeon learn that the Noghri aided in the attack on Wayland, Thrawn's Noghri bodyguard, Rukh, kills the Grand Admiral—whose last words are, "But ... it was so artistically done." The tide of battle at Bilbringi turns, and with the hope of victory dashed by Thrawn's death, Pellaeon orders the ...

**Is Heir to the Empire still worth reading?** To get into the heads of Zahn and Mitchell in some ways helped to almost complete the book, as some questions fans have had about Heir and the rest of The Thrawn Trilogy are answered in the notes. For the Star Wars fan, and really science-fiction fans in general, this is a must-read. Highly Recommended.

**Do I need to read Heir to the Empire before Thrawn?** The good thing is that there is no definitive reading order for Thrawn. Depending on how you were introduced to the character or what part of the Star Wars timeline you want to start in, you can start with almost any of the Timothy Zahn-penned Thrawn books.

**Is Heir to the Empire becoming a movie?** The upcoming Star Wars movie, Heir to the Empire, will feature a team-up between the core heroes of the New Republic era, creating an Avengers-like dynamic. The film will showcase the compelling antagonist, Grand Admiral Thrawn, and his plan to bring back the Galactic Empire, adding depth to the story.

**Who was the Dark Jedi in Heir to the Empire?** In Heir to the Empire, Timothy Zahn introduced a character named Joruu C'baoth, a Jedi who had fallen to the dark side and worked for Grand Admiral Thrawn.

**Is Luke in Heir to the Empire?** The Original Heir to the Empire Featured Luke, Leia & Han. Meanwhile, Karrde's people kidnapped Luke, leading Thrawn to attack everyone. While the original trilogy characters play a big role in the story, Luke is very much at the center of it.

**Is Luke Skywalker in the Thrawn trilogy?** The trilogy follows the campaign of Imperial Grand Admiral Thrawn, from the destruction of the Elomin task force to the Battle of Bilbringi. It also recounts the efforts of the Dark Jedi Joruu C'baoth and his efforts to claim Luke Skywalker, Leia Organa Solo, and her children as his apprentices.

**Did Thrawn know Vader was Anakin?** The short answer is yes. Thrawn did indeed know that Anakin Skywalker and Darth Vader were, in some ways, one and the same. However, as Obi-Wan Kenobi once argued, Anakin "died" when he became Darth Vader. Without getting into semantics, Thrawn knows who was under that black armor.

**Who kills Thrawn?** Rukh's killing of Thrawn not only brought an end to the Thrawn campaign, but also had a tremendous impact on the Empire and, indeed, the entire Galactic Civil War.

**Why is Thrawn's override code Rukh?** Thrawn utters the override code 'Rukh' to stop his Imperial sentry droids. Rukh was the name of his personal Noghri bodyguard in the Thrawn Trilogy of books ('Heir to the Empire', 'Dark Force Rising' and 'The Last Command') which are no longer canon.

**What is a Skywalker in Thrawn?** In Basic, it translates to 'sky-walker.' Thrawn, to Darth Vader. Sky-walkers were Force-sensitive Chiss navigators who helped the Chiss Ascendancy navigate the dangerous hyperspace conditions present in the Ascendancy's native Unknown Regions of the galaxy.

**Is Thrawn a grand Moff?** Tarkin probably outranked Thrawn since he was a Grand Moff (a political rank) whereas Thrawn was a Grand Admiral (military rank).
