4:1 Review Reinforcement Answer Key

Question 1: What is the purpose of reinforcement?

Answer: Reinforcement is a consequence that increases the likelihood of a behavior being repeated.

Question 2: What are the four types of reinforcement?

Answer: Positive reinforcement, negative reinforcement, punishment, and extinction.

Question 3: What is the difference between positive and negative reinforcement?

Answer: Positive reinforcement involves adding something pleasant to increase a behavior, while negative reinforcement involves removing something unpleasant to increase a behavior.

Question 4: What is the difference between punishment and extinction?

Answer: Punishment involves adding something unpleasant to decrease a behavior, while extinction involves removing all consequences to decrease a behavior.

Question 5: Which type of reinforcement is most effective?

Answer: Positive reinforcement is generally considered the most effective type of reinforcement as it is more likely to result in sustained behavior change.
