Is City of Ashes the first book? City of Ashes is the second installment in the Mortal Instruments series.

How old is Clary in City of Ashes? From what's written in the official Shadowhunters TV series Wiki website, Clary is 18, so she is 2 years older than in the 1st book of TMI (she was 16 there) which this series is based of.

Why was Mortal Instruments a flop? By contrast, The Mortal Instruments doesn't get to the heart of Clare's story, nor does it bring anything new or interesting to the table. The latter prevented it from becoming a hit with non-readers, while its inability to pull the story off the pages ensured it would never be longtime fans' adaptation of choice.

Who is Clary's brother in Shadowhunters? Jonathan Christopher (Sebastian) Morgenstern is Clary's brother, and the main antagonist of books 4–6. Like her, he is a Shadowhunter, but he was born with demon blood in his veins. It was administered to him by his father, Valentine, while his mother, Jocelyn, was pregnant.

Are they really brother and sister in The Mortal Instruments: City of Bones? Clary learns that Valentine Morgenstern, who is supposed to be long dead but truly is not, the main antagonist of the series, is her biological father and her mother's husband. At the end of City of Bones, Valentine tells them that Clary and Jace are siblings — which, as they discover later in the series, is a lie.

What age is Clary in City of Bones? When fifteen-year-old Clary Fray heads out to the Pandemonium Club in New York City, she hardly expects to witness a murder -- much less a murder committed by three teenagers covered with strange tattoos and brandishing bizarre weapons.

Do Jace and Clary kiss in City of Bones? In City of Bones, Clary and Jace like each other, and kiss. At the end, Valentine shows up and is like “Ya'll are siblings.

What is the next book after City of Ashes?

Can I read City of Ashes first? There are six books in the series, in the following order: City of Bones, City of Ashes, City of Glass, City of Fallen Angels, City of Lost Souls and City of Heavenly Fire. If you're a fan of Magnus and Alec then you should try The Eldest Curses.

Who is Clary's boyfriend? Jace Herondale is Clary's boyfriend and soulmate.

Does Clary get pregnant in Shadowhunters? Most Shadowhunters have their babies at home with the assistance of a private midwife and/or The Silent Brothers, and Clary has chosen to also give birth at home, however she and Jace have agreed that they will only summon The Silent Brothers if absolutely necessary, and just have their midwife deliver the baby.

What chapter do Jace and Clary kiss in City of Ashes? The scene takes place during pages 170-174 of City of Ashes, in the chapter The Seelie Court, when the Queen tricks Jace and Clary into a kiss. I even gave it a name — "Because It Is Bitter." Because boy, is Jace bitter here.

Is there a prequel to the Mortal Instruments? The Infernal Devices is a trilogy by author Cassandra Clare, centring on a race called the Shadowhunters introduced in her The Mortal Instruments series. The trilogy is a prequel series to The Mortal Instruments series.

Is Mortal Instruments a spin off of Shadowhunters? The Mortal Instruments is a series of young adult novels by American author Cassandra Clare and is the first of the Shadowhunter Chronicles. The series follows Clary Fray, Jace Herondale, Simon Lewis, Isabelle Lightwood, Alec Lightwood and other Downworlders and Shadowhunters in the New York Institute.

What happened to Max in Mortal Instruments? Shadowhunters decided to scare to us death with Max's (Jack Fulton) near death experience, which was a pretty mean thing to do. In the books, Max dies from a blow to the head delivered by Jonathan/Sebastian when Max finds out his true identity.

Is Valentine really Clary's Father? Valentine Morgenstern was the husband of Jocelyn Fray, and the father of Sebastian and Clary. An advocate against Downworlders, Valentine led the Circle with the main goal of ridding the world of them.

Who is Clary's real mother? Very beautiful, warm, protective and bold, Jocelyn Fray is Clary's mother.

Does Jocelyn Fairchild come back to life? Eventually, Valentine "let" Clary retrieve her mother's body, telling her that it had always been his intention to allow them to reunite and wake Jocelyn, and that they would eventually join him. She was awakened by Magnus with a spell from the Book of the White, and she was reunited with Clary and Luke.
