What is the difference between history and art history? Visual art can be used to help understand and dissect the event more closely, but history is a study of causes that led up to the event. Art history is very different in the sense that art history can get very specific to the artist and the art movement. Art history also has a focus on aestheticism.

Who wrote art history for the first time in true sense? While personal reminiscences of art and artists have long been written and read (see Lorenzo Ghiberti *Commentarii*, for the best early example), it was Giorgio Vasari, the Tuscan painter, sculptor and author of the *Lives of the Most Excellent Painters, Sculptors, and Architects*, who wrote the first true history of art.

What is the study of art history? Art history – the study of art from across the world, and from the ancient to the present day – covers virtually every aspect of human history and experience. This is because it looks at works of art not just as objects, but as a way of understanding the world, and the societies in which they were created.

What is the meaning and scope of art history? art history, historical study of the visual arts, being concerned with identifying, classifying, describing, evaluating, interpreting, and understanding the art products and historic development of the fields of painting, sculpture, architecture, the decorative arts, drawing, printmaking, photography, interior design, ...
