What is management science methods? Management science deals with decision making within a managerial context. It encompasses a number of systematic approaches to management decision making. The distinctive feature of management science is the construction of an explicit, simplified model of relevant aspects of the decision making situation under study.

Work, Energy, and Power Worksheet Answers

Paragraph 1: Work and Energy

- **Question:** Define work in the context of physics.
- **Answer:** Work is the transfer of energy from one system to another due to an applied force.
- **Question:** What is the SI unit of work?

- **Answer:** Joule (J)
- **Question:** Define energy.
- **Answer:** Energy is the capacity to do work.
- **Question:** What are the different forms of energy?
- **Answer:** Examples include kinetic energy (energy of motion), potential energy (energy stored due to position or condition), and thermal energy (energy of heat).

Paragraph 2: Power

- **Question:** Define power.
- **Answer:** Power is the rate at which work is done or energy is transferred.
- **Question:** What is the SI unit of power?
- **Answer:** Watt (W)
- **Question:** How is power calculated?
- **Answer:** $\text{Power} = \text{Work} / \text{Time}$

Paragraph 3: Calculating Work

- **Question:** A force of 100 N is applied to an object, moving it a distance of 50 m. Calculate the work done.
- **Answer:** $\text{Work} = \text{Force} \times \text{Distance} = 100 \text{ N} \times 50 \text{ m} = 5000 \text{ J}$

Paragraph 4: Calculating Energy

- **Question:** A ball with a mass of 2 kg is thrown vertically upwards with an initial velocity of 10 m/s. Calculate its kinetic energy at the start of the motion.

- **Answer:** Kinetic Energy = $\frac{1}{2} \times \text{Mass} \times \text{Velocity}^2 = \frac{1}{2} \times 2 \text{ kg} \times (10 \text{ m/s})^2 = 100 \text{ J}$

Paragraph 5: Calculating Power

- **Question:** A machine does 500 J of work in 5 seconds. Calculate its power.
- **Answer:** Power = Work / Time = 500 J / 5 s = 100 W
