Preparing for the 7+ Entrance Exam**

The 7+ entrance exam is a competitive assessment taken by students in Year 6 (age 10-11) to secure entry into selective secondary schools in the UK. With a high level of competition, thorough preparation is crucial for success.

What is the 7+?

The 7+ exam typically consists of the following sections:

- English (comprehension, writing, vocabulary)
- Mathematics (problem-solving, arithmetic, reasoning)
- Non-Verbal Reasoning (abstract reasoning, spatial awareness)
- Science (basic biology, chemistry, physics)

Age for Sitting the 7+

Students typically sit the 7+ exam in the spring term of Year 6, when they are 10 or 11 years old.

How to Find 7+ Schools

- Research online directories such as the Independent Schools Council (ISC) or the Girls' Schools Association (GSA).
- Attend open days and meet with admissions staff.
- Consult with current students, alumni, or parents within the school community.

How to Prepare for the 7+

- **Start early:** Begin preparing as early as Year 5 to build a strong foundation.
- **Establish a study routine:** Dedicate regular time each week to focused study sessions.
- **Identify strengths and weaknesses:** Assess areas where your child excels and areas that need improvement. Focus on honing their strengths and addressing weaknesses.
- **Seek professional guidance:** Consider 7+ tutoring to provide expert support and tailored preparation.
- **Practice past papers:** Familiarize your child with the format and content of the exam by working through past papers.
- **Develop a positive mindset:** Encourage your child to approach the exam with confidence and a belief in their abilities.

Other Considerations

- **Grade 12 in the UK:** Grade 12 is equivalent to the final year of high school in the US, typically referred to as Year 13.
- **Best age for 1st class:** The optimal age for beginning 1st class (Year 1 in the UK) is generally considered to be 5-6 years old.
- **Should a 7 year old sit still:** Prolonged periods of sitting still can be challenging for 7-year-olds. Encourage regular movement and breaks during study sessions.
