What is the fail rate for IB? Globally, the pass rate dropped to 79 per cent in 2023 compared with 86 per cent in 2022 after 2020 and 2021 saw a rise in pass rates and in average scores. Students taking their final assessments in May 2023 were the first cohort to have experienced only limited disruption to their studies due to Covid.

Why is IB so stressful? Moreover, the IB curriculum is demanding and requires students to be self-directed learners. Students are expected to manage their own time, set their own goals, and work independently. This level of responsibility can be challenging for some students, and it can be difficult for them to stay motivated and focused.

Do Ivy Leagues prefer AP or IB? Students who take IB classes in high school have higher acceptance rates into Ivy League schools, but this doesn't necessarily mean a higher acceptance rate than AP students; it just means that IB students have a higher acceptance rate than the general application pool.

Do IB classes boost GPA? A student typically receives 5.0 grade points for a class if they earn an "A" grade in an Honors, Advanced Placement (AP), or International Baccalaureate (IB) class and receives an extra point added to the non-weighted value for each lower grade (i.e., a B in an AP course is counted as 4.0, rather than

3.0).

Do colleges care more about IB or AP? When it comes to applying to college, there's no curriculum that colleges prefer. Admissions officers know that students are learning in a variety of curricula across the globe, and they evaluate applicants with that context in mind. Both will prepare students for the rigors of higher education.

What is the easiest subject in IB?

Is IB the hardest high school program? Some students argue that IB is more challenging because of the emphasis on critical thinking and the more application-focused evaluations. However, both IB and AP classes are considered college-level courses that many students find challenging.
