### GMC Sierra 1500: Essential Specifications and Facts

The GMC Sierra 1500 is a popular full-size pickup truck that combines power, versatility, and reliability. Here's a comprehensive list of essential specifications and facts to answer some of the most common questions about the 2004 model:

#### Fuel System

- **How big is the gas tank on a 2004 GMC Sierra 1500?** The 2004 GMC Sierra 1500 has a fuel tank capacity of **26 gallons (98 liters)**.
- **How far can a GMC Sierra go on a full tank?** The fuel efficiency of the 2004 GMC Sierra 1500 depends on the engine option, but on average, it can travel approximately **400-500 miles (644-805 kilometers)** on a full tank.

#### Engine and Oil

- **What kind of oil does a 2004 GMC Sierra take?** The recommended oil type for the 2004 GMC Sierra 1500 is **5W-30 or 10W-30 motor oil**, depending on the ambient temperature and driving conditions.
- **Should I use synthetic oil in my GMC Sierra?** Synthetic oil offers better protection and longevity compared to conventional oil. While not necessarily required, it is recommended to use synthetic oil in your GMC Sierra for optimal performance and reduced wear and tear.
- **What oil is best for GMC Sierra 1500?** GMC recommends using high-quality motor oil that meets the specifications of **Dexos1 Gen 2**.

## Transmission

- **How many gears does a 2004 GMC Sierra have?** The 2004 GMC Sierra 1500 comes with a **4-speed automatic transmission** as standard.

## Audio System

- **What size speakers are in a 2004 GMC Sierra?** The base-level GMC Sierra 1500 comes with **four speakers**, while higher trim levels may have **up to seven speakers**.

## Dimensions and Body

- **How long is the bed on a 2004 GMC Sierra?** The bed length on the 2004 GMC Sierra 1500 varies based on the cab configuration. The bed lengths available are **6.5 feet (2 meters) for the extended cab and 8 feet (2.4 meters) for the crew cab**.

## Value and Reliability

- **What is the value of a 2004 GMC Sierra 1500?** The value of a 2004 GMC Sierra 1500 can vary significantly depending on factors such as mileage, condition, and trim level. According to Kelley Blue Book, the average retail value of a 2004 GMC Sierra 1500 in good condition is approximately **\$10,000 to \$15,000**.
- **Is GMC Sierra better than Silverado?** The GMC Sierra and Chevrolet Silverado are both highly capable full-size pickups. The Sierra offers a more upscale interior and slightly better ride quality, while the Silverado has a more affordable base price and a wider range of trim levels. Ultimately, the best choice depends on individual preferences and requirements.
- **What is the best GMC Sierra?** The best GMC Sierra depends on your specific needs and preferences. However, the Denali trim level is widely considered the top-of-the-line model, featuring a luxurious interior, advanced technology, and superior performance.

- **What is the best engine in a GMC Sierra 1500?** The most powerful engine available on the 2004 GMC Sierra 1500 is the **6.0-liter V8 with 300 horsepower and 360 lb-ft of torque**. This engine provides excellent power for towing and hauling.
