The Forbidden Library: An Interview with Diane Wexler

Q: What is the Forbidden Library?

A: The Forbidden Library is a series of young adult fantasy novels by Django Wexler, set in a world where books have the power to change reality. The protagonist, Jessamy, is an apprentice librarian who discovers that the library holds a deep secret: there is a hidden collection of books that are so dangerous that they have been forbidden to the public.

Q: Why are the forbidden books so dangerous?

A: The forbidden books contain knowledge and magic that is too powerful for most people to handle. If they fall into the wrong hands, they could be used to destroy the world.

Q: How does Jessamy come to learn about the forbidden books?

A: Jessamy stumbles upon a secret passage in the library that leads to the hidden collection. She is curious about the books, and she begins to read them. However, she soon realizes that she is not ready for the knowledge and magic that they contain.

Q: What happens when Jessamy reads the forbidden books?

A: Jessamy begins to experience strange visions and nightmares. She also begins to develop new powers, such as the ability to read minds and control people. However,

these powers come at a price. Jessamy must fight against the darkness that is invading her mind.

Q: What is the ultimate fate of Jessamy and the forbidden books?

A: Jessamy must make a choice: she can either destroy the forbidden books and protect the world from their power, or she can use them to fight against the darkness that is threatening to destroy her. The choice she makes will determine the fate of the world.
