ASHRAE: International Performance (IP) Edition and HVAC Standards\*\*

### **What is the IP Edition of ASHRAE?**

The ASHRAE International Performance (IP) Edition is a comprehensive collection of HVAC standards that incorporate the International System of Units (SI). It is designed to provide engineers and designers with a unified set of standards that can be used globally.

### **What are ASHRAE Standards for HVAC?**

ASHRAE standards for HVAC cover various aspects of heating, ventilation, air conditioning, and refrigeration systems, including:

- Equipment efficiency
- System design
- Indoor air quality
- Energy conservation

### **Where Can I Buy ASHRAE Standards?**

ASHRAE standards can be purchased from the ASHRAE website ([www.ashrae.org](http://www.ashrae.org)).

### **What is the ASHRAE Application Chapter 51?**

Chapter 51 of the ASHRAE Handbook is a comprehensive reference for HVAC system design and application. It provides guidance on selecting equipment, sizing

systems, and meeting energy codes.

### **How Many IP Editions are There?**

Currently, there are two IP editions of ASHRAE:

- IP 2005
- IP 2010

### **What is the Current Edition of IP?**

IP 2010 is the current edition of the ASHRAE International Performance Edition.

### **What is ASHRAE Used For?**

ASHRAE standards are used to:

- Design and install HVAC systems
- Ensure system efficiency and performance
- Meet energy codes and regulations
- Improve indoor air quality

### **Which Standard is Used in HVAC?**

The most common ASHRAE standard used in HVAC is Standard 90.1, Energy Standard for Buildings Except Low-Rise Residential Buildings.

### **What is ASHRAE Code?**

ASHRAE code refers to the set of standards and guidelines published by the American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE).

### **What Does SI and IP Mean?**

- **SI:** International System of Units, a standardized system of measurement units
- **IP:** International Performance Edition, a version of ASHRAE standards that incorporates SI units

## What is the IP Access List Standard?

The IP Access List Standard is a set of predefined rules that govern access to IP addresses on a computer network.

## What is the Latest Edition of ASHRAE?

The latest edition of ASHRAE is the 2023 Handbook.

## What is the ASHRAE Relative Humidity Recommendation?

ASHRAE recommends maintaining relative humidity levels between 30% and 50% for optimal indoor comfort and air quality.
