What is the message of The Lathe of Heaven? The Lathe of Heaven is an eerily prescient novel from award-winning author Ursula K. Le Guin that masterfully addresses the dangers of power and humanity's self-destructiveness, questioning the nature of reality itself.

Why is it called The Lathe of Heaven? "To let understanding stop at what cannot be understood is a high attainment. Those who cannot do it will be destroyed on the lathe of heaven." Le Guin chose the title because she loved the quotation. However, it seems that the quote is a mistranslation of Chuang Tzu's Chinese text.

Is The Lathe of Heaven part of a series? Many of her novels form part of her Earthsea series, so I chose The Lathe of Heaven as it is a stand-alone novel. The Lathe of Heaven was written in 1971, but was set in 'the future' – Portland Oregon in 2002.
