**What is the traditional Chinese character for book?**

**Is integrated Chinese good for self-study?** Using Integrated Chinese for independent self-study is now easier than ever with the ChengTsui Web App™, which provides automatic feedback on workbook exercises so that learners can check their work and monitor their own progress.

**How long does it take to learn Chinese full time?** On average, conversational skills can develop in 2 years, but expect the overall journey to fluency in Mandarin Chinese to take 3 or 4 years (2200 hours or 88 weeks of learning) for most students.

Out of the 80,000+ Chinese characters that exist, a working knowledge of just 2,000-3,000 characters is considered a good foundation for literacy in Chinese, and equips the reader to understand approximately 97-99% of modern texts.

**Are traditional Chinese characters still used?** Traditional Chinese characters are only still used primarily by those in Taiwan, Macau, Hong Kong, and many overseas communities, comprising a small minority of the Chinese-speaking population (~50

million people). However, they also remain in use in mainland China for artistic, scholarly, and advertising purposes.

If you have ever studied the Japanese language, these books are very similar to the excellent GENKI book series. The lessons revolve around a group of international students learning Mandarin.

With the right combination of a clear motivation, effective resources, and a deep understanding of core language learning concepts, you can be well on your way towards fluency as you self study Chinese.

**How many hours a day should I study Chinese?** In general, it is estimated that it takes around 2,200 hours of study to reach a high level of fluency in Mandarin, which means that studying for 4-6 hours per day would put you on track to achieve fluency in around 1.5 to 2.5 years.

**Can I learn Chinese in 3 months?** With the right study techniques and attitude, you can make massive progress in Chinese in three months. And if having a Mandarin conversation is your primary goal, you can do so even if you're starting from zero.

**What is the hardest language to learn?** 1. Mandarin Chinese. Interestingly, the hardest language to learn is also the most widely spoken native language in the world.

**Can you be fluent in Chinese in 2 years?** Becoming fluent and highly proficient in Mandarin Chinese (and passing the HSK Level 6) requires you to know 5,000 characters or more and takes four or more years. Whereas reaching a conversationally fluent level (such as HSK Level 4) requires you to know about 1,200 characters and takes around two years.

**How many lessons to learn Chinese?** One 3-hour Chinese course per week for 8 weeks, plus a weekly homework assignment (1 hour), plus independent practice of any type (2 hour). 3 courses per year. You will need between 25-30 courses. At 3 courses per year, it may take you between 8.3-10 years to reach an intermediate level.

**How many classes do Chinese schools have?** Students usually attend four or five classes in the morning and another two or three in the afternoon. Each class is 40 minutes long with a 10-minute break in between and the lunch break is approximately 60 to 90 minutes long, depending on the school.

**How many lessons are in HSK 4?** Study load: 16 lessons of 2 hours, in addition to a total of around 32 hours of self-study. The HSK 4 courses are divided into two halves, HSK 4A course and HSK 4B course. This course is the continuation of HSK Standard Course 4A.

**Is The Outsiders appropriate for middle school?** S.E. Hinton's, *The Outsiders* is a great book for elder kids and young teens to read. I recommend the book for 11 years and up. The story focuses around Ponyboy, his brothers, and their gang. The story takes place during the 1960's in Oklahoma.

**What grade level is The Outsiders book?** This book's Lexile measure is 750L and is frequently taught in the 9th and 10th grade. Students in these grades should be reading texts that have reading demand of 1050L through 1335L to be college and career ready by the end of Grade 12.

**What is The Outsiders book about?** *The Outsiders* is about a fourteen-year-old boy named Ponyboy Curtis. Ponyboy is part of a gang called the Greasers, who are known for the trouble they cause. The novel follows Ponyboy as his life gets thrown off course after a rival gang, the Socs, beat him and one of his friends up.

**Why is The Outsiders read in middle school?** *The Outsiders* provides many opportunities for conversations about social and emotional learning. The novel, but specifically the characters, could even be analyzed through the lens of CASEL's competencies.

**Why was outsiders banned?** This book has been banned from some schools and libraries because of the portrayal of gang violence, underage smoking and drinking, strong language/slang, and family dysfunction. However, in many U.S. schools, the book is part of the English curriculum at the middle- or high-school level.

**Is The Outsiders PG or PG 13?** Note: The original cut of the movie was rated PG in 1983, before the PG-13 rating existed. The edited/extended cut released in 2003 carries the PG-13 rating. To stay in the loop on more movies like this, you can sign up for weekly Family Movie Night emails.

**Is The Outsiders book inappropriate?** I would recommend this book for ages 10+. The book does contain some mild swearing (it's not too bad). It also contains underage drinking and smoking.

**Do most schools read *The Outsiders*?** *The Outsiders*, a novel by S. E. Hinton, was first published in 1967. In the last 50 years it has become a classic piece of literature that teachers use with middle and high school students. Teachers still teach this novel for many reasons, essentially because its importance has lasted for a half of century.

**Is *The Outsiders* an easy read?** I went into the outsiders with no prior knowledge of the book, author or movie and found myself quickly drawn in, finishing the whole book over two days. I can't say I always take to the "classic" novels but I found this one easy and enjoyable – probably due to being originally written for teenagers.

**Is *The Outsiders* a true story?** Even though *The Outsiders* is fictional, the book is based in S.E. Hinton's hometown of Tulsa, Oklahoma. Hinton published the book in 1967 and the story takes place in the same time period. Though the book may feel like historical fiction for today's readers, it was a work of contemporary fiction when Hinton wrote it.

**Why is *The Outsiders* book so good?** Hinton's timeless classic is a coming-of-age story that unravels the good and the bad of society. *The Outsiders* has something for every reader; there are star-crossed lovers, misunderstood teenage boys, thrilling fighting scenes, and suspense creeping up through every page.

**Why are *The Outsiders* so popular?** Hinton, the book is something of a time capsule of her own emotionally driven teenage angst. "I think that's why it still resonates with teens, because they feel like that," she said. "Your feelings are over the top. You're feeling and seeing injustice, and you're standing up against it."

**Is the book *The Outsiders* appropriate for middle school?** But the indelible characters and compelling story have consistently hooked middle school kids, teens, and reluctant readers since *The Outsiders* was first published in 1967. This book appeals to preteens (many read it in sixth grade) because that's the time when kids break into social cliques and life becomes tribal.

**What message does *The Outsiders* teach us?** The themes found in *The Outsiders* center around life's struggles, how to deal with said struggles, and how adversity affects people of all social classes and backgrounds. Class Divide: A primary theme

of *The Outsiders* is class division.

**When was *The Outsiders* banned from schools?** According to Banned Books; Young Adult Novels, *The Outsiders* was challenged in the year of 1986, in South Milwaukee, Wisconsin. Churches from the United States have made public statements that the book should be kept away from young readers for the usage of language, drugs, and violence.

**Is *Outsiders* OK for kids?** *The Outsiders* [1983] [PG-13] - 3.5. 4 | Parents' Guide & Review | Kids-In-Mind.com. SEX/NUDITY 3 - A young man tries to kiss a young woman, and she pushes him away and throws soda in his face.

**Do Greasers still exist?** Some of the Greasers evolved into the motorcycle clubs of the 60s and the Punk scene in the 1980s. The Greaser era never really died out. Today, the garage group Rockabilly Crews on the East Coast have brought the Greaser style back to the shore, though Greasers have always existed in New Jersey.

**Did Ponyboy go to jail in *The Outsiders*?** In Chapter 12 of *The Outsiders*, the reader sees the court hearing unfold. During court, all the Socs (the wealthy teenagers) tell the judge that Johnny killed Bob. After court, Ponyboy is cleared of all charges and allowed to go home with his brothers, Darry and Soda.

**Is PG-13 OK for 7 year olds?** TLDR: Yes, children under 13 years of age can watch PG13 movies. Films rated PG13 is an advisory rating for parents to note there are scenes or themes unsuitable for younger children. However, there's no age restriction; so the parent can choose to allow or bring the child for the movie.

**Should I watch or read *The Outsiders* first?** Ponyboy is probably my favorite of the brothers and I like Johnny too. I love the cast in the movie; I think they're perfect for the parts. If you aren't familiar with the *Outsiders*, I highly recommend reading the book and watching the movie!

**Is *The Outsiders* on Netflix?** Watch *The Outsider* | Netflix Official Site.

**Can a 11 year old watch *The Outsiders*?** *The Outsiders* [1983] [PG-13] - 3.5. 4 | Parents' Guide & Review | Kids-In-Mind.com. SEX/NUDITY 3 - A young man tries to kiss a young woman, and she pushes him away and throws soda in his face.

**What grade do you teach The Outsiders?** Lesson 1 | The Outsiders | 6th Grade English | Free Lesson Plan.

**Is The Outsiders musical appropriate for 10 year olds?** Is The Outsiders appropriate for kids? The Outsiders on Broadway is recommended for kids 11 and older due to depictions of gang violence and themes including death and neglect. Please note that children 4 and younger are not permitted in Broadway theatres.

**When was The Outsiders banned from schools?** According to Banned Books; Young Adult Novels, The Outsiders was challenged in the year of 1986, in South Milwaukee, Wisconsin. Churches from the United States have made public statements that the book should be kept away from young readers for the usage of language, drugs, and violence.
