## [Download Complete File](#)

### **68W Advanced Field Craft Combat Medic Skills**

**What are the advanced field craft combat medic skills possessed by 68W personnel?**

68W Advanced Field Craft Combat Medics are highly trained medical professionals who possess a wide range of skills to provide life-saving care in austere environments. These skills include:

- Tactical Combat Casualty Care (TCCC)
- Battlefield First Aid
- Advanced Trauma Management
- Extrication and Evacuation Procedures
- Advanced Airway Management
- Intravenous Therapy
- Wound Closure and Management
- Pain Management

### **How are these skills applied in combat situations?**

In combat, 68W personnel work closely with infantry and other ground forces to provide immediate medical care to wounded soldiers. They stabilize patients, evacuate them to safety, and provide follow-on care until they can be transferred to a medical facility. Their skills enable them to:

- Control bleeding and prevent shock
- Maintain an open airway and administer oxygen
- Treat burns, fractures, and other traumatic injuries
- Provide pain relief and manage shock
- Evacuate patients by litter, ground vehicle, or air

### **What training is required to become a 68W Advanced Field Craft Combat Medic?**

To become a 68W Advanced Field Craft Combat Medic, individuals must complete rigorous training programs that include:

- Basic Combat Training (BCT)
- Advanced Individual Training (AIT) in Combat Medic training
- Combat Lifesaver Course (CLS)
- Tactical Combat Casualty Care (TCCC) certification
- Additional training in advanced field craft and combat medic skills

### **What career opportunities are available for 68W personnel?**

68W personnel have opportunities for advancement within the medical field and the military. They can serve in various roles, including:

- Combat Medic
- Field Medic
- Surgical Technician
- Nurse
- Physician Assistant

### **How do these skills contribute to the mission of the U.S. Army?**

The advanced field craft combat medic skills possessed by 68W personnel are essential to the mission of the U.S. Army. They enable medics to provide life-saving care to soldiers in combat, ensuring that they receive the best possible medical

attention and have the highest chance of survival and recovery.
