Paragraf 4

Soal: Sebuah prisma memiliki alas berbentuk segitiga dengan panjang alas 10 cm dan tinggi 8 cm . Tinggi prisma adalah 12 cm . Tentukan volume prisma tersebut.

Jawaban: Volume prisma = luas alas x tinggi
Luas alas segitiga = $\frac{1}{2} \times 10 \text{ cm} \times 8 \text{ cm}$
= 40 cm^2
Volume prisma = $40 \text{ cm}^2 \times 12 \text{ cm} = 480 \text{ cm}^3$

What is the book *The Borrowers* about? It features a family of tiny people who live secretly in the walls and floors of an English house and "borrow" from the big people in order to survive. *The Borrowers* also refers to the series of five novels including *The Borrowers* and four sequels that feature the same family after they leave "their" house.

What age is the *Borrowers* book appropriate for? Perfect for age six and up but not for five year olds. This title has: Great role models.

How many *The Borrower* movies are there? The story itself is "famous", and since it was made into a movie 3 times (and a two season British TV series, and a Japanese cartoon series), I figured it must have "something going for it". I never read the books, but I assume the 1973 is the closest rendition.

What is the theme of the *Borrowers*? Though the boy is a child, he is still presented as superior to the Borrowers, despite their positioning as the protagonists of the story. *The Borrowers* deals with themes such as social class, gender, and agency.

Is the Borrowers movie like the book? The Borrowers movie is quirky, fun, and an enjoyable way to spend an afternoon with kids but it lacks the overall charm the books did. This was much better, and more accurately, captured by the 1992 BBC TV series than by this movie.

Why is the Borrowers rated PG? Parents Need to Know The tricks and traps can be painful to watch. There are also some gross-out moments (like when a Borrower falls into a pile of dog poop, or when a villain is drenched in liquid cheese). But the clever gadgets and great escapes will prove entertaining to tweens and even adults.

Who is the little boy in the borrowers? He has received different names: George May in the 1992 adaptation, Pete Lender in the 1997 film, Sh? in the animated 2010 adaptation (Shawn In the US dub), and James Millman in the 2011 TV adaptation.

How old is Arrietty in The Borrower? Based on Mary Norton's famous children's book, The Borrowers, Arrietty is the story of a tiny 14-year-old girl named Arrietty (voice of Bridgit Mendler).

Where is the film The Borrowers set? The film is set in a fictitious time and place which include elements of both Britain and North America, technology and products from many different eras, and fictitious uniforms and currency.

What did Mrs Driver think the Borrowers were? Driver is villainous not only because she treats good people and borrowers poorly, but she's also got prejudice coming out her ears. She writes the borrowers off as thieves and sics dogs, cats, a rat-catcher, and even the police on them.

What is the conflict in the Borrowers book? A more serious dimension is found in the metaphorical picture of the Borrowers representing children—small, weak, and powerless—in their relationship to adults. The Borrowers live in conflict with the world of humans and in constant threat from them. At the same time, they are dependent on humans for their survival.

What is the Borrowers avenged about? After their narrow escape from the Platters' attic in The Borrowers Aloft, Pod, Homily, and Arrietty Clock return to their miniature village. But it is no longer a safe refuge, and so once again the Borrowers must go looking for another place to live. But finding a new home is hard when you're

running for your life.

Why are the borrowers so small? The Boy theorizes that because they were always so frightened, they gradually became smaller and more hidden by each generation. In *The Borrowers Avenged*, Arrietty has the thought that Borrowers could even be descended from humans.

What is the sequel to the borrowers? "The Borrowers Afield" tells of their adventures, and their temporary residence in an old boot. It's the second imaginative children's classic book in a five book series.

What is the plot of the borrowers? Borrowers are tiny people who live under the floorboards and survive by borrowing from the big people in the house. When the Clocks are discovered by the big people, they must find a new home before the exterminator gets them. This classic has survived for half a century because it charms young and old alike.

What happened in chapter 19 of the Borrowers? When Rich William tries to smoke the borrowers out using poisoned fumes, the boy escapes from his room, grabs a pickax, and bravely knocks a hole in the grating to give the borrowers some breathing room. But are they safe and unharmed?

What age group is the book The Borrower for?

What is the conflict in the Borrowers book? A more serious dimension is found in the metaphorical picture of the Borrowers representing children—small, weak, and powerless—in their relationship to adults. The Borrowers live in conflict with the world of humans and in constant threat from them. At the same time, they are dependent on humans for their survival.

What do the Borrowers call humans? The Clocks happen to be the last family of Borrowers living in this particular house, the others having “emigrated” because they had been seen by the “human beans” as the Borrowers call them. Needless to say, being “seen” is not considered a good thing for Borrowers.

What is the problem in the book "borrowers"? The problem is, of course, that whenever a Borrower is “seen,” bad things happen. Humans do not react well to them, for the most part, and try to exterminate them - which is what happens in the book once the housekeeper discovers the Borrowers' home. The boy is different, of course - children often are.

What reading level is the book the Borrowers? The Borrowers (Reading Level S) | World's Biggest Leveled Book Database | Readu.

What age is the book illegal for? Central themes are sacrifice, overcoming violence and poverty, family, and of course the challenges facing teen-aged refugees. These are all beautifully explored, but due to the graphic nature of the mature themes, it's best to save this book for at least tweens.

What is the Borrowers rated? The Borrowers [1998] [PG] - 0.3. 1 | Parents' Guide & Review | Kids-In-Mind.com.

What is the plot of the Borrowers? Borrowers are tiny people who live under the floorboards and survive by borrowing from the big people in the house. When the

How tall are the Borrowers in the book? Borrowers are tiny people. An adult Borrower is typically about five or six inches tall (twelve to fifteen centimetres). Their hands and feet are proportionally longer than those of human beings, to help them climb easily. They survive by "borrowing" the possessions and food of humans.

Are the Borrowers real? Shockingly, then, it seems that the Clock family and their adventures in The Borrowers and its sequels were nothing more than a figment of Norton's imagination. A figment that won her the Carnegie medal, no less, but still – she was making things up.

What happened to Egglestina in The Borrower? Egglestina is Arrietty's cousin, and Uncle Hendreary's daughter, who probably got eaten by a cat. She never appears in the novel, but we learn that she disappeared after going upstairs to explore. Arrietty's parents use the story of Egglestina to deter Arrietty from going upstairs herself.

What is the climax of the Borrowers? Climax (Crisis, Turning Point) Mrs. Driver, the cook, notices that "borrowed" things have gone missing and catches the boy in the act of trying to help the borrowers. She threatens to call the police and exterminators to get rid of the pests, and she locks the boy in his room.

What did Mrs Driver think the Borrowers were? Driver is villainous not only because she treats good people and borrowers poorly, but she's also got prejudice coming out her ears. She writes the borrowers off as thieves and sics dogs, cats, a rat-catcher, and even the police on them.

What happened in chapter 19 of the Borrowers? When Rich William tries to smoke the borrowers out using poisoned fumes, the boy escapes from his room, grabs a pickax, and bravely knocks a hole in the grating to give the borrowers some breathing room. But are they safe and unharmed?
