What is the south side a portrait of Chicago and American segregation about?

Moore examines the myriad ways in which the lives of African-Americans in the Chicago region are limited, constrained, stifled and lessened by segregation. She focuses on her home territory of the city's South Side where she grew up, went to school and now lives, but her analysis fits the West Side as well.

What is the summary of our America? “Our America” is a call to the people of Latin America to unite, recognize the diversity of their rich culture on its own merits, and guard against the imperialism of the United States. The rhetoric of the text accomplishes this goal by engaging the reader's active interpretation of metaphor and imagery.

What were two reasons that Chicago became a major destination for black Southerners? To Southern blacks, Chicago was the "Promised Land." The Great Migration, a long-term movement of African Americans from the South to the urban North, transformed Chicago and other northern cities between 1916 and 1970.
