

# An event in autumn henning mankell

## Download Complete File

**What is an event in autumn by Henning Mankell about?** Plot Summary In the Swedish town of Ystad, aging Detective Kurt Wallander discovers a body when a skeletal hand surfaces in the garden of a house he is looking to buy. Forensics expert Stina Hurlén identifies the skeleton as having belonged to a woman of about fifty who had been hanged.

**Which fictional detective was created by Henning Mankell?** Henning Georg Mankell (Swedish pronunciation: [ˈhɛnˈnɛ ˈmɔŋˈkɛl]; 3 February 1948 – 5 October 2015) was a Swedish crime writer, children's author, and dramatist, best known for a series of mystery novels starring his most noted creation, Inspector Kurt Wallander.

**Do you have to read Henning Mankell books in order?** Most of the books can be read in isolation but your enjoyment of some might be spoiled by the fact that a subsequent novel will tell you how the book ends. If you're planning on reading more than one then they're best read in chronological (rather than date of publication) order.

**What illness did Wallander have?** Over the course of the series he is diagnosed with diabetes, and towards the end of his career he suffers from memory lapses, discovering he has developed Alzheimer's disease, with which his father was also afflicted.

**What is the plot of autumn?** It's the story of a young woman named Elisabeth Demand and her friendship with Daniel Gluck, an elderly man who lived through the rise of fascism in Europe in the 1930s. Together they debate ideas and create stories while witnessing the monumental changes happening in the society around

them.

**What is the story almost autumn about?** Almost Autumn takes place in 1942 Norway. Germany is in control, and they are beginning to round up all the Jews of the city. This is bad for the main character, Ilse Stern, and her family, who are all Jewish. It's bad for Ilse's friend, Hermann Rod, who's working in the resistance.

**Who writes like Henning Mankell?**

**What happened to Wallander's wife?** Wallander's wife, Inga, left him for another man several years ago, and since the death of his father, his only family has been his daughter, Linda. Linda recently married without Wallander's knowledge and they haven't spoken since.

**Who is the most famous fictional detective of all time?** The first famous detective in fiction was Edgar Allan Poe's C. Auguste Dupin. Later, Sir Arthur Conan Doyle's Sherlock Holmes became the most famous example and remains so to this day. The detectives are often accompanied by a Dr.

**Where to start Henning Mankell?**

**Is Wallander based on a book?** Wallander is a British television series broadcast from 2008 to 2016. It was adapted from a Swedish series based on the Swedish novelist Henning Mankell's Kurt Wallander novels and starring Kenneth Branagh as the eponymous police inspector.

**Do you need to read book series in order?** However, there is character development from novel to novel, and if that is something you care about, you will want to read them in order for that purpose - but again, it's not necessary.

**Was Wallander an alcoholic?** But it was Mr. Mankell who led the way, with 10 mystery novels featuring Inspector Kurt Wallander, a gruff but humane detective troubled by self-doubt, overeating, alcoholism and, eventually, dementia.

**Does Wallander get Alzheimer's in the books?** Over the course of the series Mankell developed the character of Wallander so that, with the last novel, Wallander is diagnosed with diabetes, suffers from memory lapses, and develops Alzheimer's disease, like his father. The book ends like this: "Wallander suddenly felt terrified. His

memory had deserted him again.

**Why was Wallander suspended?** In Season 2 (2010), there was the slaying of an elderly couple linked to racist reprisals in Ystad; Wallander's suspension when he refused to get involved in a potential murder; and an elderly birder who fell to his death in a meticulously planned murder.
