**What is this thing called love kim addonizio analysis?** From lines about a love that dizzies up the brain's back room to haunting fragments beckoning death and decline in a suffering world, Kim Addonizio articulates the way that our connections - to the world, to self, and to others - endure and help make us whole.

**What is Kim Addonizio first poem for you about?** Summary. Kim Addonizio traces her lover's tattoos in the dark within First Poem for You, seeking an intimate connection through physical contact. The lack of visual light within the poem signals that she understands his body on an intuitive level, tracing the tattoos despite the darkness.

**Who originally wrote What is this thing called love?** "What Is This Thing Called Love?" is a 1929 popular song written by Cole Porter, for the musical Wake Up and Dream. It was first performed by Elsie Carlisle in March 1929. The song has become a popular jazz standard and one of Porter's most often played compositions.

**What does Kim Addonizio write about?** Addonizio's poetry is known for its gritty, street-wise narrators and wicked sense of wit. Her early volumes of poetry, including The Philosopher's Club (1994) and the verse novel Jimmy & Rita (1997), unflinchingly treated subjects ranging from mortality to love to substance abuse.

**What was the first love poem written on?** 2461) is an ancient Sumerian cuneiform tablet. Some have labelled it the world's oldest love poem. It is on display at the Istanbul Museum of the Ancient Orient (Mesopotamia Hall). It is an erotic poem addressed to king Shu-Sin (reigned 20th or 21st century BC) by an unnamed female speaker.

**Why does the speaker find the permanence of her lover's tattoos to be terrifying?** Tattoos are symbols of permanence: once inked on the body, they cannot fade away. They will last through “whatever persists / or turns to pain between us.” The speaker's active seeking of the tattoos demonstrates her attraction to this idea, but the physical darkness mirrors the conflict and fear in her own mind.

**What is the meaning of the love song poem?** It is an examination of the tortured psyche of the prototypical modern man—overeducated, eloquent, neurotic, and emotionally stilted. Prufrock, the poem's speaker, seems to be addressing a potential lover, with whom he would like to “force the moment to its crisis” by somehow consummating their relationship.
