What not to do with Tarot cards? Don't look up Tarot card 'meanings' I cannot stress enough, but please do not look up the 'meanings' of the cards. I know this can be the most difficult rule to abide by, yet it's the most important. Referring to a list of meanings shows that you do not trust your intuition, and Tarot is about honing our instincts.

What does the Bible say about tarot readings? In Leviticus 19:26, God exhorts: "Do not practice divination or seek omens." Deuteronomy 18:9-13 urges staying away from divination and other occult practices: "When you enter the land the Lord your God is giving you, do not learn to imitate the detestable ways of the nations there."

Can I learn to read my own Tarot cards? Is it possible to do Tarot spreads on yourself, even if you're a beginner? Yes! It absolutely is. Tarot is a modality that helps us gain greater insight into our current situations, honor our intuition and forecast potential outcomes.

Can tarot be self taught? Absolutely! In fact, many Tarot teachers will tell you to put your book away when you first begin working with the Tarot.

How do you start off with tarot? For beginners, spreads or specific forms of reading can be easier to grasp. The simplest of these is a one-card spread, where a single card is pulled. Pulling a single card at a time can be less overwhelming than a full spread, and it can give you the opportunity to get to know the cards better.

The 16 Percent Solution: Uncovering the Hidden Risks of Cell Phone Radiation

In his groundbreaking book "The 16 Percent Solution," Joel Moskowitz, PhD, exposes the concerning risks associated with cell phone radiation and provides practical solutions to mitigate its effects.

Q: What is the "16 percent solution"?

A: This refers to the reduction in cell phone radiation absorption by the brain when using a headset or speakerphone. Studies have shown that this simple measure can reduce radiation exposure by up to 16%.

Q: Why is cell phone radiation a concern?

A: Scientific evidence suggests that prolonged exposure to cell phone radiation can lead to a range of health issues, including:

- Increased risk of brain tumors
- Cognitive impairment
- Sleep disturbances
- Neurological disorders

Q: What are the recommended precautions for reducing exposure to cell phone radiation?

A: Moskowitz recommends using the "16 percent solution" by always using a headset or speakerphone when possible. Other precautions include:

- Texting instead of calling whenever feasible

- Limiting screen time on cell phones

- Keeping cell phones away from the head when not in use

Q: Are there any other measures to prevent health risks from cell phone radiation?

A: In addition to reducing radiation exposure, Moskowitz emphasizes the importance of limiting overall cell phone use and avoiding exposure to high levels of radiation in certain environments, such as near cell towers.

Q: What is the overall message of "The 16 Percent Solution"?

A: Moskowitz emphasizes that while cell phones are essential tools in today's world, it is crucial to be aware of the potential health risks associated with their radiation. By implementing simple measures like the "16 percent solution," individuals can significantly reduce their exposure and protect their long-term health.
