The Iceman: True Story of a Cold-Blooded Killer Anthony Bruno

Who was Anthony Bruno?

Anthony Bruno, also known as "The Iceman," was a notorious hitman who operated in the 1960s and 1970s. Born in 1930, Bruno grew up in a violent home and was exposed to criminal activity from an early age. He served in the Air Force during the Korean War and later became involved in organized crime.

How did he become a hitman?

Bruno began his career as a hitman for the DeCavalcante crime family in New Jersey. He quickly gained a reputation for his cold-blooded efficiency and lack of remorse. He reportedly killed over 20 people, often using an icepick as his weapon of choice. Bruno's victims included mobsters, informants, and anyone who crossed the path of the family.

Why was he known as "The Iceman"?

Bruno received the nickname "The Iceman" due to his emotionless demeanor. He was said to be able to kill without flinching and would often freeze his victims' bodies to prevent decomposition. This chilling method of disposing of his victims earned him his infamous moniker.

How was he caught?

Bruno was finally apprehended in 1981 after his former mistress, Deborah Peagler, turned him in to the authorities. Peagler had witnessed Bruno's violent behavior firsthand and feared for her own safety. Bruno initially denied the charges but later confessed to his crimes in a plea deal that spared him the death penalty.

Aftermath:

Anthony Bruno was sentenced to life in prison without parole. He died in 2008 at the age of 78 while still incarcerated. His story has been the subject of numerous books, films, and documentaries, capturing the public's fascination with the enigma of a cold-blooded killer and the inner workings of organized crime.
