

HOW CRAZY IS TOO CRAZY TO BE EXECUTED MOTHER JONES

[Download Complete File](#)

Why is the death penalty inhumane? It is the ultimate cruel, inhuman and degrading punishment. The death penalty is discriminatory. It is often used against the most vulnerable in society, including the poor, ethnic and religious minorities, and people with mental disabilities. Some governments use it to silence their opponents.

How do people on death row feel? Many death row inmates suffer from mental illness, and the isolation on death row often exacerbates their condition. Older inmates also suffer from increasing physical disabilities, rendering their ultimate execution a particularly demeaning action.

What death penalty is most humane? Despite the pushback, Alabama Attorney General Steve Marshall has called nitrogen gas “perhaps the most humane method of execution ever devised.”

How many people on death row go insane? The problem is not a small one. A leading mental health group, Mental Health America, estimates that five to ten percent of all death row inmates suffer from a severe mental illness.

Why do they execute people at midnight? Scheduling the execution for 12:01 a.m. gives the state as much time as possible to deal with last-minute legal appeals and temporary stays, which have a way of eating up time. Another advantage is that the rest of the inmates are locked down and, presumably, asleep.

Do you feel pain when you get executed? So far, courts have ruled midazolam sufficiently shields inmates from pain and does not violate the Constitution. And US Supreme Court Justice Neil Gorsuch last year in denying one death penalty appeal

ruled the Eighth Amendment “does not guarantee a prisoner a painless death.”

What is the cruelest punishment in the world?

What's the worst execution in history? William Earl Vandiver (1985) – Electric chair. He was still breathing after the first jolt of 2,300 volts. It took a total of five jolts and 17 minutes to kill Vandiver. Vandiver's attorney, who had witnessed the execution described smoke and a burning smell.

What is the most gruesome death penalty?

Why is the death penalty immoral? Amnesty International holds that the death penalty breaches human rights, in particular the right to life and the right to live free from torture or cruel, inhuman or degrading treatment or punishment. Both rights are protected under the Universal Declaration of Human Rights, adopted by the UN in 1948.

Why isn't the death penalty humane? An execution, like physical forms of torture, involves a deliberate assault on a prisoner. Simply put, there is no humane way to put someone to death. It is not possible to find a way to execute a person which is not cruel, inhuman or degrading.

Is death penalty a cruel form of punishment? The Supreme Court has held that a death sentence is not inherently cruel and unusual.

How the death penalty is flawed? Wrongful convictions occur. Inadequate legal representation, faulty evidence, discrimination and prejudice (on the part of prosecutors, judges, and juries), and eyewitness misidentification are only a handful of the myriad of reasons why innocent people are wrongfully sentenced to death and executed each year.

School Bus Pre-Trip Inspection Guide: Essential Questions and Answers

Every day, school buses transport thousands of children to and from school. To ensure the safety of these passengers, it is crucial to conduct thorough pre-trip inspections. Here is a comprehensive guide to help you understand the key elements of a school bus pre-trip inspection:

1. Exterior Inspection

- **Question:** Are all lights (headlights, taillights, turn signals, etc.) functioning properly?
- **Answer:** All lights should be working and free of any cracks or damage.
- **Question:** Is the body of the bus free of any dents, cracks, or holes?
- **Answer:** Check for any visible damage that could compromise the structural integrity of the bus.
- **Question:** Are the tires properly inflated and in good condition?
- **Answer:** Use a tire gauge to ensure proper inflation and inspect the tires for any cuts, bulges, or other signs of wear.

2. Interior Inspection

- **Question:** Are all seats securely fastened and free of tears or damage?
- **Answer:** Verify that each seat is properly attached and that there are no rips or holes in the upholstery.
- **Question:** Is the first-aid kit fully stocked and easily accessible?
- **Answer:** Check the expiration dates of the supplies and ensure that all necessary items are present.
- **Question:** Are all windows and doors functioning properly?

- **Answer:** Open and close each window and door to ensure they operate smoothly and lock securely.

3. Fluids and Hoses

- **Question:** Are the engine oil, coolant, and transmission fluid levels at the recommended levels?
- **Answer:** Use a dipstick to measure the fluid levels and top up as needed.
- **Question:** Are all hoses and belts in good condition, without any cracks or leaks?
- **Answer:** Inspect all hoses and belts for any visible damage or signs of wear.
- **Question:** Is the battery securely fastened and clean of corrosion?
- **Answer:** Ensure the battery is properly connected and free of any debris or buildup.

4. Electrical System

- **Question:** Are all electrical components, such as switches, gauges, and lighting, functioning properly?
- **Answer:** Test each component to ensure it is working correctly and replace any faulty items.
- **Question:** Is the stop arm extended and operating properly?

- **Answer:** Check that the stop arm extends fully and retracts when the bus is in motion.

5. Emergency Equipment

- **Question:** Are the fire extinguisher and emergency triangle present and in good working order?
- **Answer:** Ensure that the fire extinguisher is charged and the triangle is clean and visible.
- **Question:** Are the hazard lights and emergency flashers working properly?
- **Answer:** Test all emergency lighting to ensure it is functioning as intended.

By conducting thorough pre-trip inspections, school bus drivers can help prevent accidents, ensure the safety of their passengers, and maintain the integrity of their vehicles. Remember, these inspections should be performed every day before the bus is put into service.

Sherry Argov: Come Smettere di Soffrire

Sei stanca di soffrire per amore? Ti sei mai chiesta perché gli uomini ti trattano come una principessa all'inizio e poi come una nullità in seguito? Se hai risposto di sì a queste domande, allora devi leggere questo articolo.

Sherry Argov, autrice del libro bestseller "Perché gli uomini amano le stronze", sostiene che le donne mostrano troppo presto il loro interesse agli uomini e si rendono troppo disponibili. Questo comportamento scoraggia gli uomini e li porta a darci per scontate.

Perché le donne dovrebbero smettere di soffrire?

Argov sostiene che le donne dovrebbero smettere di soffrire perché non è produttivo. La sofferenza non porta a nulla di buono e, anzi, può addirittura danneggiare la tua

salute fisica e mentale.

Come smettere di soffrire?

Secondo Argov, il modo migliore per smettere di soffrire è quello di diventare più forti e indipendenti. Dovresti imparare a prenderti cura di te stessa e non dipendere da nessuno per la tua felicità. Dovresti anche imparare a dire di no alle cose che non vuoi fare e a mettere te stessa al primo posto.

Come applicare i consigli di Argov?

Argov fornisce numerosi consigli pratici su come applicare i suoi insegnamenti. Ad esempio, suggerisce di non rispondere subito ai messaggi degli uomini, di non essere troppo disponibili a fare sesso e di non inseguirli. Suggerisce anche di concentrarsi sul miglioramento di se stesse e sul diventare una donna più interessante e attrattiva.

Consigli aggiuntivi

Oltre ai consigli di Argov, ci sono altre cose che puoi fare per smettere di soffrire. Ad esempio, puoi imparare a gestire le tue emozioni in modo sano, ad avere aspettative realistiche nei confronti degli uomini e a costruire una rete di sostegno solida.
