**Whose defeat at Quebec in French Canada effectively ended the Seven Years' War on the continent of North America?** The Battle of Quebec was fought on 13 September 1759 during the Seven Years War (1756-63). British troops led by Major-General James Wolfe came up against the garrison of French general the Marquis de Montcalm. Wolfe's victory ultimately led to the conquest of Canada by Britain.

**What increased the cost of living after the war Quizlet?** After the war the government removed the controls on the economy and people raced to buy goods and businesses raised prices which resulted in Inflation. Inflation ended up increased the cost of living after the war.

**What were two consequences of the French and Indian War?** The French and Indian War began in 1754 and ended with the Treaty of Paris in 1763. The war provided Great Britain enormous territorial gains in North America, but disputes over subsequent frontier policy and paying the war's expenses led to colonial discontent, and ultimately to the American Revolution.

**Which of the following was one result of the Seven Years War?** Under the Treaty of Paris the French lost nearly all their land claims in North America and their trading interests in India. Great Britain gained Canada, all lands east of the Mississippi, and Florida. France ceded Louisiana to Spain and evacuated Hanover.

**What happened at the Battle of Quebec who won the war?** The Battle of Quebec occurred as part of a failed American attempt to invade Canada and rally French-Canadian support for the Patriot movement against the British. Limited troops, illness, and disorganization on the Patriot side contributed to a British victory on

December 31, 1775. British victory.

**Did the French lose the Seven Years War?** Allied to Austria, Sweden and Russia the French tried to defeat the Prussians who had only the British as major allies. Despite repeated attempts between 1757 and 1762, the French and their allies failed to win the conclusive victory against Prussia despite a constant war of attrition.

**Was the cost of the war higher for the North or the South?**

**Which war cost the US the most?** Though it lasted fewer than four years, World War II was the most expensive war in United States history. Adjusted for inflation to today's dollars, the war cost over \$4 trillion and in 1945, the war's last year, defense spending comprised about 40% of gross domestic product (GDP).

Prices rose at an 18.5-percent annualized rate from December 1916 to June 1920, increasing more than 80 percent during that period.

**Why did the French lose the French and Indian war?** British assaults on strategic outposts such as Ticonderoga, Niagara, and Quebec in 1759, followed by the successful siege of Montreal in September of 1760, prompted the French surrender.

**What were 3 major results from the French and Indian war?** The French and Indian War ended with the signing of the Treaty of Paris in February 1763. The British received Canada from France and Florida from Spain, but permitted France to keep its West Indian sugar islands and gave Louisiana to Spain.

**How did the Proclamation of 1763 affect the colonists?** The proclamation provided that all lands west of the heads of all rivers which flowed into the Atlantic Ocean from the west or northwest were off-limits to the colonists. This excluded the rich Ohio Valley and all territory from the Ohio to the Mississippi rivers from settlement.

**What was the consequence of the Seven Years' war for the British?** The Battle of Quebec in 1759 was one of Britain's greatest victories of the Seven Years War (1756-63). Major-General James Wolfe's triumph ultimately led to the British conquest of Canada.

---

**What were the causes of the 7 Years war?** The Seven Years' War was a conflict between France and Great Britain that began in 1754 as a dispute over North American land claims in the region around Pittsburgh, Pennsylvania. This conflict eventually spread into other parts of world, including Europe, Africa, and Asia.

**How did the Seven Years' war affect indigenous peoples?** After the war, the British king, George III, made a new law called the Royal Proclamation of 1763. This law said that any land that Britain didn't control in North America belonged to the Indigenous people who lived on it. Indigenous peoples could keep those lands unless they wanted to sell them to the King.

**Who conquered Quebec in 1760?** In April 1760, in a final effort to reclaim Quebec City, the French army (now based in Montreal) launched an assault against the British at Sainte-Foy, just outside the walls of Quebec City. The battle, in sheer casualties, represented a French victory.

**What country lost control of Canada at the end of the French and Indian war?** The French and Indian War ended with the signing of the Treaty of Paris in February 1763. The British received Canada from France and Florida from Spain, but permitted France to keep its West Indian sugar islands and gave Louisiana to Spain.

**Who controlled Lower Canada after the French and Indian war?** Lower Canada was a British colony from 1791 to 1840. Its geographical boundaries comprised the southern portion of present-day Quebec. In 1791, Britain divided the Province of Quebec into Upper Canada and Lower Canada.

**Did the Battle of Quebec lead to French defeat?** Battle of Quebec, (September 13, 1759), in the French and Indian War, decisive defeat of the French under the marquis de Montcalm by a British force led by Maj.
