gaining a high level of expertise. Also covers senior management and the training of others.

**What is NVQ evidence?** NVQ's are competency-based and the candidate produces evidence of what they do in their work situation which becomes the basis of a portfolio that is assessed against the relevant occupational standard. The candidates must demonstrate that their skills are current and prove their competency over a period.

**How long is NVQ Level 5 course?** Course Duration and Fees The duration of NVQ Level 5 courses varies depending on the institute and the course. Generally, these courses can be completed in one to two years of full-time study.

**What is the highest NVQ level?**

**Can you fail an NVQ?** As strange as it may sound, you cannot fail an NVQ. You are either deemed: Competent (having met the criteria). Not yet competent (having not met the criteria yet).

**What is an NVQ example?** Pretty much all NVQs tie into an industry or a business area. For example, you can do NVQs in administration, health and social care, hospitality and tourism, business, sales, construction, engineering or manufacturing.

**What is the full meaning of NVQ?** NVQs (National Vocational Qualifications) are based on national occupational standards. These standards are statements of performance that describe what competent people in a particular occupation are expected to be able to do.

**Is Level 5 equivalent to a degree?** Level 5 is the equivalent to the second year of a Bachelor's Degree programme. It is also equivalent to a HND diploma. The Level 5 course also has 10 modules and 8 assignments, which also provide the student with 120 university credits upon completion.

**What NVQ is equivalent to a degree?** a Level 6 NVQ is the same as a Bachelors degree.

**What does NVQ stand for?** Facts about NVQs: what's involved in studying them, how they are assessed and how long they take to complete. NVQ stands for national

vocational qualification. Each one includes practical work-related tasks. They're available in more than 1,000 subjects ranging from plumbing to hairdressing.

**How much does a level 5 diploma cost?** CMI Level 5 Qualifications A CMI Level 5 Diploma on average costs between: £1020-£2300. A CMI Level 5 Certificate on average costs between: £609-£1210. A CMI Level 5 Award on average costs between: £400-£726.
