**Which king returns in Lord of the Rings?** The Returning King in the finale of the Trilogy, is Aragorn 'Strider' Ellesar. Proclaimed King Ellesar II by Gandalf the White following the War of the Ring.

**Is Return of the King 2 parts?** Why were the books "The Two Towers" and "The Return of the King" split into two parts in Lord of The Rings? All three volumes were split into two books, including The Fellowship of the Ring. This was a publisher/author compromise.

**Are there two versions of Return of the King?** There are four versions available. Runtimes are: 1) "3h 21m (201 min)"--the original theatrical release; 2) "4h 23m (263 min) (Blu-Ray Extended Edition)"; 3) "4h 14m (254 min) (Special DVD Extended Edition)"; 4) "3h 12m (192 min) (DVD Widescreen Edition)".

**How many hours is Lord of the Rings Return of the King?** I know the theatrical editions are about 3 hours for fellowship and two towers and around 3,5 hours for return of the king. That would therefore make EE of fellowship around 3,5 hours, the two towers around 3 hours and 40 minutes and finally, return of the kings should be around 4 hours and 20 minutes.

**What does Legolas do in The Return of the King?** After Aragorn's death, Legolas made a ship in Ithilien and left Middle-earth to go over the sea. His strong friendship with Gimli prompted Legolas to invite him to accompany him to the Undying Lands; making Gimli the only Dwarf to do so. He was never seen again in Middle-earth.

**What do they call Gandalf in Return of the King?** Midway through The Lord of the Rings, Gandalf becomes the head of the order of Wizards, and is renamed Gandalf the White. This change in status (and clothing) introduces another name for the wizard: the White Rider. However, characters who speak Elvish still refer to him as Mithrandir.

**Did J.R.R. Tolkien finish Return of the King?** Yes, J.R.R. Tolkien finished writing The Return of the King. It was published in 1955. Tolkien died in 1973. All told, it took Tolkien twelve years to write the entire trilogy, although he spent years planning

the story before he began writing it.

**What is the 3rd Lord of the Rings movie called?** The Lord of the Rings is a trilogy of epic fantasy adventure films directed by Peter Jackson, based on the novel The Lord of the Rings by British author J. R. R. Tolkien. The films are subtitled The Fellowship of the Ring (2001), The Two Towers (2002), and The Return of the King (2003).

**What is the last line of Return of the King?** Eventually Frodo departs for the Undying Lands to find healing, along with Bilbo Baggins, Gandalf and the Elves. Sam, Merry and Pippin watch them depart and return home in silence. Sam is greeted by his wife Rose and his daughter Elanor. In the last line of the book Sam says to Rosie; "Well, I'm back".

**What happens to Frodo at the end of Return of the King?** Frodo went to the Undying Lands at the end of the Lord of the Rings trilogy, but many wonder why Frodo left Middle-earth instead of settling down in the Shire like Sam.

**What is the longest movie ever released?** The longest film ever made, according to Guinness World Records, is "The Cure for Insomnia" (1987), directed by John Henry Timmis IV.

**How many endings does The Return of the King have?** The Ring is destroyed two hours and 45 minutes into the film's three-hour-and-21-minute run time. That means barring nine minutes of end credits, there's a full 27 minutes of wind-down. In terms of how many endings The Return of the King really has, I count five.

**How many Oscars did Lord of the Rings win?** The Lord of the Rings trilogy has received several accolades, however, their 17 Academy Award wins are perhaps their most impressive feat.

**Why does saruman turn bad?** He began to covet valuable treasures and goods within Orthanc and ceased his friendship with the Ents. His descent had been gradual, but his final downfall came when he presumed in his arrogance to use the palantír of Orthanc.

**What was the last scene filmed in the Lord of the Rings?** The final scenes shot were Aragorn escaping the Skull avalanche, and Frodo finishing his book. The cast

also received various props associated with their characters, although John Rhys-Davies burned his final Gimli prosthetic. Viggo Mortensen headbutted the stunt team goodbye.

**Who does Legolas marry?** Legolas does not marry or have any children, based on the appendix of The Lord of the Rings. Regardless of who his mother was, Legolas is the last of his line.

**What happens to Legolas after Gimli dies?** Eventually, Legolas came to Ithilien with some of his people, with his father's leave, to live out his remaining time in Middle-earth helping to restore the devastated forests of that war-ravaged land.

**What is Legolas to Galadriel?** Legolas was not related to Galadriel at all. Except as they were both elves. Legolas was from the el who had never left Middle-earth to go to Aman Valinor. Galadriel came from Aman where she was born.

**Why does Galadriel turn dark?** Thus, Galadriel's dark form in Jackson's The Lord of the Rings personified what would have occurred had the Lady of Lothlórien given in to temptation and taken the One Ring for herself. She would have succumbed to evil because the Ring was indomitable, even with her overwhelming power.

**Why does Gandalf leave at the end of Return of the King?**

**Why is Galadriel so strong?** The majority of her powers come from her Ring of Power, Nenya, the Ring of Water. The ring, also known by the names the White Ring and the Ring of Adamant, is one of the three Rings of Power given to the Elves of Middle-earth in the Second Age.

**What happened to Frodo at the end of Return of the King?** He, along with Bilbo, went to the Undying Lands, west over the sea. The elves go there after they've had enough of Middle Earth, and Frodo, due to the Ring's effects, had been made far longer lived than any other mortal at the time. Due to this, Frodo could no longer have lived among mortals easily.

**What happened to Gondor after Aragorn died?** After Aragorn's death in FO 120, his son Eldarion took up the high kingship. One hundred years into his reign, a dark cult emerged in Gondor, but was overthrown soon after it was discovered.

**Did all the Elves leave Middle-earth after The Return of the King?** Most Elves left for Valinor; those that remained in Middle-earth were doomed to a slow decline until, in the words of Galadriel, they faded and became a "rustic folk of dell and cave".

**Who is the highest paid actor in Lord of the Rings?** Andy Serkis Post-LOTR box-office earnings: £2.69 billion Pipping Hugo Weaving to the post by one hundred million measly dollars, Andy Serkis ranks as the most successful 'Lord Of The Rings' actor, even without his 'Hobbit' millions.
