**What did the Dalai Lama say about anger?** According to the Dalai Lama, one cannot overcome anger by suppressing it. We need to work on developing its anecdotes – patience and tolerance. He says being patient in a challenging situation is not a sign of weakness but strength.

**What does the Dalai Lama's approach to human suffering include?** The Dalai Lama detailed his approach to human suffering – an approach that ultimately includes a belief in the possibility of freedom from suffering but starts with accepting suffering as a natural fact of human existence, and courageously facing our problems head-on.

**How do Buddhists overcome anger?** In the Theravada Buddhism tradition, it's taught that the antidote to anger is loving-kindness and compassion. If you're angry with someone, you hold them in your heart with loving-kindness and compassion; if you're angry with yourself, you do the same.

**What Gautam Buddha said about anger?** The Buddha said, “Correct. It's the same with your anger. If you become angry with me and I don't feel insulted nor accept your hostility, the anger falls back on you, as it was initially yours to give.

**What is the Dalai Lama's main message?** His Holiness, the 14th Dalai Lama is the spiritual leader of the Tibetan people and their greatest advocate for a free Tibet. He travels the world spreading his message of peace, non-violence, and compassionate responsibility for his fellow man.

**What is the remedy to human suffering according to Buddhism?** The Fourth Noble truth charts the method for attaining the end of suffering, known to Buddhists as the Noble Eightfold Path. The steps of the Noble Eightfold Path are Right Understanding, Right Thought, Right Speech, Right Action, Right Livelihood, Right Effort, Right Mindfulness and Right Concentration.

**What is the Buddhist response to suffering?** The First Noble Truth – dukkha All of the things a person goes through in life cause suffering and they cannot do anything about it. Instead, they have to accept that it is there. People may use temporary solutions to end suffering, such as doing something they enjoy.

### **Spanish Loanwords in the English Language: A Tendency Towards Hegemony Reversal**

**Paragraph 1:** Throughout history, languages have influenced one another through contact and trade. The English language, in particular, has been significantly influenced by Spanish, resulting in the adoption of numerous loanwords. These loanwords have become an integral part of English vocabulary, reflecting the once-dominant role of Spain in global affairs.

**Paragraph 2:** The influx of Spanish loanwords into English began in the 16th century as Spanish explorers and conquistadors established colonies in the Americas. Words such as "avocado," "armadillo," and "canyon" were introduced, along with terms related to geography, culture, and the natural environment.

**Paragraph 3:** However, in recent decades, there has been a noticeable shift in the power dynamics between English and Spanish. With the rise of the United States as a global superpower, English has become the dominant language of international communication and trade. As a result, there has been a reversal of the trend of Spanish words entering English.

**Paragraph 4:** Instead, English words are now being adopted into Spanish, particularly in fields such as technology, entertainment, and economics. Terms like "blog," "internet," and "startup" are now commonplace in Spanish-speaking countries. This phenomenon highlights the changing global power dynamics and the increasing influence of English in international discourse.
