4. How can we live a meaningful life?

"A meaningful life is one that is aligned with our values and purpose. To discover our purpose, we need to reflect on our unique qualities and aspirations. Once we have identified our purpose, we can set goals and take actions that will bring us closer to achieving it."

5. What advice would you give to someone seeking to improve their mental health?

"Cultivate a regular meditation practice. Meditation helps calm the mind, reduce stress, and improve focus. Engage in activities that bring you joy and fulfillment.
