400 English Words Are Enough to Get You By

Is it really possible to get by in English with just 400 words? The answer is a resounding yes! While it's true that English has a vast vocabulary of over a million words, the vast majority of native speakers use only a small fraction of them in everyday conversation.

How Many Words Do Native English Speakers Use?

Studies have shown that native English speakers typically use between 2,000 and 3,000 words in their daily lives. However, the most common 400 words account for about 75% of all spoken and written English.

Which Words Are Most Important?

The most important words to learn are those that are used in everyday situations. These include common nouns (such as "car," "house," "person"), verbs (such as "go," "do," "have"), adjectives (such as "big," "small," "good"), and adverbs (such as "quickly," "slowly," "well").

How to Learn the 400 Essential Words

There are many ways to learn the 400 essential English words. You can use flashcards, online vocabulary lists, or language learning apps. It's also helpful to read and listen to English as much as possible.

Can You Really Get By with Just 400 Words?

While it's true that you can get by with just 400 words in English, it's important to note that you may not be able to express yourself as fully or understand everything that native speakers say. However, for basic communication, travel, and daily interactions, 400 words are more than enough.
