How many books are there in the series Poldark? The series comprises 12 novels: the first seven are set in the 18th century, concluding in Christmas 1799; the remaining five are concerned with the early years of the 19th century and the lives of the descendants of the previous novels' main characters.

In what order should I read the Poldark books?

What is the 6th poldark book? The Four Swans is the sixth novel in Winston Graham's sweeping series of Cornwall, Poldark. Cornwall 1795-1797. Although Ross Poldark – now something of a war hero – seems secure in his hard-won prosperity, a new dilemma faces him in the sudden infatuation of a young naval officer for his wife Demelza.

What happens to Valentine Warleggan in the Poldark books? When Selina gave birth to their son, a scandal made her leave Valentine. George took her in with his grandson and sided with her. Valentine became reckless with a lot of debts, an alcohol addiction and eventually died at 26.

Does Ross know Valentine is his son? In many ways, Valentine looked very similar to Ross and even he accepted that Valentine was probably his child. But Ross was very estranged from the Warleggans and had no dealings with them or want of knowing Valentine.

How accurate is Poldark to the books? Certainly, the characters are highly fictionalised and romanticised. Poldark himself is by no means a real historical figure. But the historical context behind the drama is carefully construed in the original novels by Winston Graham and treated with equal respect in the production process of the BBC's adaptation.

Do Poldark and Demelza stay together in the books? After Hugh died, Ross and Demelza grew closer as they knew they had both done wrong. Elizabeth's death was the point where their relationship was fully mended, and they stayed happily together.

How old is Demelza in the books? In the books, Demelza was 13 when Ross first met her. Poldark readers were taken aback since Demelza on the show didn't look 13, as canonically Ross is 10 years her senior. In the books, they had a father-daughter dynamic until Demelza turned 17, four years after Ross took her as a helper.

Is Demelza a redhead in the books? "I dye it for Poldark but I think I'm going to keep it because I like it", she says. "In the books she's described as olive skinned and very dark, so, yes, that's not really me", says Tomlinson, who fought hard to make Demelza, the upwardly-mobile former housemaid, a redhead.

Has the Poldark series ended? "It was emotional..." Aidan Turner and the cast and crew of Poldark reminisce about saying farewell to the series.

How many children did Ross and Demelza have? Ross married Demelza Carne in 1787 and they went on to have five children, four of which survived infancy: Julia (1788-1790), Jeremy (1791-1815), Clowance (1794 -), Isabella-Rose (1802 -) and Henry Poldark (1812 -). Ross soon set up a new mining venture, Wheal Leisure which was initially successful.

Do the Poldark books go further than the series? Whereas Poldark season five ended in 1799, the book series continues right up until 1820, when Ross is 60 years old. In the final Poldark book, Bella Poldark, three of Ross and Demelza's living children are married and living happily.

Do Dwight and Caroline have another child? Caroline Enys (née Penvenen) was an heiress and the only niece of Ray Penvenen. She was also the wife of Dwight Enys. Following the death of Ray, she inherited the Penvenen fortune, eventually had three daughters, Sarah Enys (who passed away of a heart defect), Sophie Enys, Meliora Enys.

Does Poldark love Demelza or Elizabeth? It is here that Ross expressed his realisation that his 'true and real love' was for Demelza and not for Elizabeth.

Does Morwenna get her son back? Morwenna reconnects with her son from her previous marriage, whom she still loves, in spite of his father's abuse.

What happens to Clowance Poldark in the books? Clowance is now a widow, but she has two suitors, Captain Philip Prideaux, a former soldier, and Lord Edward Fitzmaurice, who has been in love with Clowance since she was a girl. But Clowance feels still half in love with Stephen and half hates him because of his lies.

What happens to George at the end of Poldark? George left Trenwith. George's conclusion was a melancholy one as he left behind Trenwith and with it the ghost of his late wife Elizabeth (Heida Reed).

Why does Demelza sleep with HUGH? Demelza was very taken by the proposal, and she slept with him. Demelza wanted to keep the truth from Ross, but being in love with her, Hugh offered her the chance to run away with him.

What happens to Elizabeth in Poldark? George, repentant, is finally convinced of Valentine's parentage. But in a gruesome and tragic turn, Elizabeth suffers from the potion and dies.

Does George in Poldark get his comeuppance? It was also nice to see George get his comeuppance – and Elizabeth, too; now a fully paid up member of Team George, she will have to put her London gowns to one side.

Do the Poldark books go further than the series? Whereas Poldark season five ended in 1799, the book series continues right up until 1820, when Ross is 60 years old. In the final Poldark book, Bella Poldark, three of Ross and Demelza's living children are married and living happily.

Is Poldark based on a true story? Spoiler alert - Ross Poldark is not a real person, at least the story is not based on a true story of someone names Ross Poldark. The series is fictional. However, Poldark is a real Cornish name, and the tales the series tell are loosely based on actual events.

How many series of the original Poldark were there? Poldark ran for two series, with a second in 1977. However, it ensured its longevity with sales of video that made it the second most popular costume drama, only beaten by Pride and Prejudice. In 2015 Poldark returned to the BBC in a new adaptation, starring Aiden Turner and Eleanor Tomlinson as Ross and Demelza.
