What Was She Thinking? Notes on a Scandal: A Novel in Paperback

What is the novel "Notes on a Scandal" about?

"Notes on a Scandal" is a psychological thriller novel by British author Zoë Heller, published in 2003. It tells the story of Barbara Covett, a lonely middle-aged English teacher who becomes obsessed with a younger, beautiful art teacher named Sheba Hart. When Sheba begins an affair with a 15-year-old student, Barbara becomes torn between her duty to report the crime and her desire to protect Sheba.

What are the key themes of the novel?

The novel explores themes of obsession, envy, secrecy, and the nature of love and morality. It also examines the complex relationships between adults and adolescents, and the dangers of crossing ethical boundaries.

What is Barbara Covett like as a character?

Barbara is a complex and unlikeable character. She is intelligent, but also manipulative and self-destructive. She is desperately lonely and envious of Sheba's youth and beauty. Her obsession with Sheba leads her to betray her own principles and commit increasingly dangerous acts.

How does the novel use epistolary form to tell the story?

The novel is told through a series of diary entries, emails, and other documents. This epistolary form allows readers to experience the story through the perspectives of multiple characters, including Barbara, Sheba, and other involved parties.

What is the significance of the title "Notes on a Scandal"?

The title of the novel refers to the diary entries that Barbara writes about Sheba's affair. These entries are intended to be private, but ultimately become a form of public exposure both for Sheba and for Barbara herself. The title suggests that the novel is both a personal reflection on a scandalous event and a broader commentary on the nature of scandal and its consequences.
