What are some of Trump's negotiating tactics?

Trump advocates for using psychological tactics such as intimidation and flattery to gain an advantage. He also believes in using leverage, such as threats, to force the other party to give in.

How does Trump apply these tactics in real-life negotiations?

Trump has used his negotiating tactics in a variety of contexts, including business deals, political negotiations, and even personal relationships. For example, he gained control of the Trump Plaza Hotel and Casino by threatening to bankrupt the previous owner.

What are the criticisms of Trump's negotiating style?
