Tell Me It's Real: An Interview with TJ Klune

Q: What inspired you to write "Tell Me It's Real"?

A: I wanted to explore the idea of love without romance. I've always been fascinated by the power of friendship, and I wanted to see if I could create a story that was just as compelling as a romantic one.

Q: The novel deals with some heavy themes, such as grief and loss. How did you balance these with the lighter elements of the story?

A: It was important to me to create a story that was both emotionally resonant and uplifting. I wanted readers to feel the full weight of Ben and Sam's grief, but I also wanted to give them hope. I think the lighter moments in the book help balance the heavier ones and create a more well-rounded story.

Q: Your characters are incredibly well-developed and relatable. How do you create such complex and believable characters?

A: I think it's important to really get to know your characters before you start writing. I spend a lot of time thinking about their backstories, motivations, and relationships. I also try to put myself in their shoes and imagine how they would react to different situations.

Q: The novel features a diverse cast of characters. Why was it important for you to include representation in your work?

A: I believe that everyone deserves to see themselves in the books they read. Representation is important because it helps to normalize diversity and show people

that they are not alone. I wanted to create a world that was as inclusive as possible, so that everyone could find a character they could relate to.

Q: What do you hope readers will take away from "Tell Me It's Real"?

A: I hope that readers will come away from this book with a renewed appreciation for the power of friendship. I also hope that they will be inspired to live their lives to the fullest, even in the face of adversity.

What was Erikson's theory of identity crisis? According to Erikson, an identity crisis is a time of intensive analysis and exploration of different ways of looking at oneself. Erikson noted that developing a sense of identity is important during the teenage years, though the formation and growth of identity is not confined to adolescence.

What does an identity crisis involve according to Erik Erikson? In summary, an identity crisis, according to Erik Erikson, involves trying to be who you are not. It is a period of exploration and self-discovery where individuals question their values and beliefs, often feeling pressure to conform to societal expectations or to be someone they are not.

What is the crisis conflict of an adolescent according to Erik Erikson? According to Erik Erikson, the main task of adolescents is to solve the crisis of identity versus role confusion. Research has shown that a stable and strong sense of identity is associated with better mental health of adolescents.

What is Erikson's stage of adolescence and the crisis of identity vs role confusion? The fifth stage of Erik Erikson's theory of psychosocial development is identity vs. role confusion, and it occurs during adolescence, from about 12-18 years. During this stage, adolescents search for a sense of self and personal identity, through an intense exploration of personal values, beliefs, and goals.

What is the concept of identity crisis? What is an identity crisis? An identity crisis is defined as a period of uncertainty or confusion in a person's life. This crisis occurs when a person's sense of identity becomes insecure and unstable. An identity crisis usually occurs when there's a change in a person's life.

What is Erik Erikson's main theory? Erikson's best-known work is his theory that each stage of life is associated with a specific psychological struggle, a struggle that contributes to a major aspect of personality.

What is a crisis as defined by Erik Erikson? According to Erik Erikson, a crisis is an existential challenge that people experience several times throughout their lives, and such experiences will influence people's personality and identity development.

What are the 4 stages of identity crisis? The levels of conflict and commitment a person is experiencing at any given time indicate which of Marcia's four identity statuses the person is in. The four identity statuses are diffusion, moratorium, foreclosure, and achievement. Identity diffusion is when crisis and commitment are low.

How is crisis related to development according to Erikson? According to Erikson, a crisis of development is: Answer: d. A turning point in development; A confrontation, according to Erikson, is a turning point in which each person struggles to achieve a certain psychological quality.

What is the main crisis during adolescence according to Erikson? According to psychologist Erik Erikson, adolescents go through the psychosocial crisis of identity versus role confusion, which involves exploring who they are as individuals.

What according to Erikson resolving the crisis of adolescence involves? Commitment. Resolving the crisis at this stage of development involves committing to a particular identity. This might involve committing to a career path, deciding what social groups to associate with, and even developing a sense of personal style.

What is the developmental crisis that occurs according to Erik Erikson? According to Erik Erikson's theory of psychosocial development, the crisis that follows intimacy versus isolation is generativity versus stagnation (Option C). After achieving intimacy in relationships, adults enter the stage of generativity versus stagnation, which typically occurs from age 40 to 65.

How did Erikson describe the identity crisis? The basic strength that Erikson argued should be developed during adolescence is fidelity, which only emerges from a cohesive ego identity. Fidelity encompasses sincerity, genuineness and a sense of duty in relationships with other people. Erikson defined the crisis as an argument between identity and confusion.

What happens if a person does not successfully resolve a crisis within a stage? If a person does not resolve a crisis successfully, it may hinder their ability to deal with later crises. For example, an individual who does not develop a clear sense of purpose and identity (Erikson's fifth crisis – Identity vs.

What is the Erikson's theory of adolescence? Erikson saw this as a period of confusion and experimentation regarding identity and how one navigates along life's path. During adolescence, we experience psychological moratorium, where teens put their current identity on hold while they explore their options for identity.

What is the identity crisis of youth? What is an identity crisis? An identity crisis is a phase many people go through when they question or reassess who they are. A search for identity is common during the teenage years but people may also reassess their lives after a major life event, such as retirement.

What is the root cause of identity crisis? Identity crisis causes Cultural conflict: The tension between personal culture and the workplace or school environment can be a source of an identity crisis. Trauma: Experiencing traumatic events can lead to an identity crisis due to difficulty processing and accepting one's experience.

What age does identity crisis occur? There's also no rule in terms of age. An adolescent will likely go through an identity crisis to establish who they are or want to be as a person. But it's also possible that you have a similar experience at any other point in life, particularly if experiencing significant life changes.

What is Erikson's identity vs confusion? As articulated by Erik Erikson, Identity versus Role Confusion is the fifth of eight stages of psychosocial development that take place between the ages of 12 and 19. During this stage adolescents need to develop a sense of self and personal identity.

What is a real life example of Erik Erikson's theory? REAL-LIFE EXAMPLES OF ERIKSON THEORY AT WORK And integrity is the key to trust. If your company claims to be green and to love the environment, for example, but your employees know you secretly dump waste into the ocean, they question your integrity. And that means they can't really trust you.
