This Present Darkness and Piercing the Darkness

Introduction

In the tapestry of life, we often face moments of darkness and adversity. The Bible refers to this as "this present darkness" (Ephesians 6:12). However, we have the power to pierce this darkness and emerge into the light.

Question 1: What is "this present darkness"?

Answer: This present darkness represents the spiritual forces of evil that oppose us in our daily lives. It can manifest as sin, temptation, fear, doubt, and despair. This darkness seeks to blind us to the truth and keep us from experiencing God's presence.

Question 2: How can we pierce this darkness?

Answer: To pierce the darkness, we need to rely on God's spiritual armor. This armor includes truth, righteousness, the gospel of peace, faith, salvation, and prayer (Ephesians 6:13-18). By putting on this armor, we can stand firm against the forces of evil.

Question 3: What role does prayer play in piercing the darkness?

Answer: Prayer is a powerful weapon against darkness. Through prayer, we connect with God and receive his strength and guidance. We can pray for protection, wisdom, and deliverance from evil. Prayer empowers us to confront the challenges we face with courage and faith.

Question 4: What are the results of piercing the darkness?

Answer: When we pierce the darkness, we experience a sense of freedom and joy. We are no longer bound by the fears and limitations that once held us back. We see the world with greater clarity and purpose. Our relationships deepen, and we become more effective in serving others.

Question 5: How can we maintain our victory over darkness?

Answer: Piercing the darkness is an ongoing process. To maintain our victory, we need to stay vigilant and stay connected to God through prayer, Bible study, and fellowship with other believers. We must also be willing to forgive others and to overcome bitterness. By doing so, we can live in the light of God's presence and experience his transformative power in our lives.

Translation: Problems and Solutions by Hasan Ghazala

1. What are some of the core challenges in translation?
