

FALLEN 1 LAUREN KATE

[Download Complete File](#)

What happens in Fallen by Lauren Kate? Fallen is the story of seventeen year old Lucinda (or Luce as she is known). She falls in love with the good-looking and highly intelligent Daniel at their reform school but soon discovers that he is a fallen angel, cursed, destined neither to ascend to Heaven nor descend to Hell.

Is the Fallen book series spicy? Parents need to know that this book is about as innocent as Twilight, focusing heavily on romance (though fallen angel romance) without much more than kissing and passionate dreams.

What age is Fallen by Lauren Kate?

Who does Luce end up with Fallen? In the finale, Luce's wish was to always stay with Daniel, so she sacrificed everything as the Throne requested, lost all her memories, and was born again as an ordinary human, as it was the only solution to the end of the curse.

What happens at the end of the Fallen series? Daniel spends a few final romantic moments with Luce before putting her on a plane that will carry her to safety. He promises to get back to her as soon as he can. Gabbe and Arriane, fallen angels on Daniel's side, also say goodbye and provide supplies for Luce's trip.

How old is Lucinda in Fallen? This life's Lucinda, wherever she lived, whatever she filled her days doing, whoever mattered to her most she didn't yet know who Daniel Grigori was. She was seventeen and forty-four days old.

Is Fallen in Love part of the Fallen series? Fallen In Love is a novel written by Lauren Kate and was published on January 24, 2012. This book is a young adult fiction novel based on the characters from that author's most notable series, Fallen.

Does the fallen series have romance? It has a few romance plots, none of which I thought was particularly interesting, but as far as fantasy romances go, they were... okay. Maybe 3-4% of the total length of the series concerns a romance plot.

Why is Fallen rated R? With themes and a love triangle reminiscent of many other page-to-screen YA films (cough, Twilight, cough), Fallen has some violence, language, and romance. The violence is both supernatural (angels fight one another while flying, fires engulf people) and realistic (a young character's throat is cut).
