

# CHAPTER 23 SECTION 1 GUIDED READING LATINOS AND NATIVE AMERICANS SEEK EQUALIT

## [Download Complete File](#)

**What did Latinos campaign for?** Despite now being the largest minority group and representing about 19 percent of the population of the United States, Latinas and Latinos still battle issues like immigration, education, healthcare, housing, and voting rights.

**How did some Latino individuals and groups go about getting improved working conditions and better treatment for farm workers?** Through a series of marches, national consumer boycotts, and fasts, the United Farm Workers union attracted national headlines, gained labor contracts with higher wages and improved working conditions, galvanizing the Chicano movement.

**Why did Native Americans resist assimilation Quizlet?** Why did Native Americans resist assimilation? As a group they had been the poorest of Americans and had suffered from the highest unemployment rate. They were more likely than any other group to suffer from tuberculosis and alcoholism.

**What did the Hispanic American Brown Power Movement advocate?** Encouraged by the Brown Berets, thousands of students at Wilson, Garfield, Roosevelt, Lincoln, and other schools walked out of their classes en masse to protest racist teachers and the mistreatment of Chicano students and to demand better funding, bilingual and multicultural education.

**What did Latinos do to fight for equality?** 1929 Several Latino service organizations merge to form the League of United Latin American Citizens (LULAC).

The group organizes against discrimination and segregation and promotes education among Latinos. It's the largest and longest-lasting Latino civil rights group in the country.

**How did Native Americans fight for equality?** By building coalitions and engaging in direct-action demonstrations, however, Native Americans brought the fight for sovereignty to the center of American politics. But although they borrowed from the strategies of the Civil Rights Movement, the struggle for Native American rights was a separate and distinct issue.

**What did the Latino movement want?** The Hispanic community embarked on a social movement aimed at combating institutional racism, increasing cultural hegemony, and guaranteeing equal labor and political rights. The Chicano Movement sparked national conversations on the political and social autonomy of Hispanic groups everywhere in the United States.

**Who helped hispanic farm workers get better pay and working conditions?** Chávez, alongside legendary activist Dolores Huerta, founded the United Farm Workers, a labor union for farmworkers in the United States. Together they made history by helping farmworkers earn the right to collectively bargain for safe working conditions and better pay.

**How have Latinos helped America?** For centuries, Latino culture has influenced all areas of American life, including food, sports, business, politics, science, education, and the arts. Music and dance styles such as salsa and reggaeton have become popular nationwide thanks to artists like Celia Cruz and Bad Bunny.

**In what ways did the Latino campaign for economic and social equality affect non-Latin Americans?** Final answer: The campaign for economic and social equality by Hispanic Americans impacted non-Hispanic Americans through cultural exchange, increased solidarity amongst minority groups, and socio-political tensions.

**How did Native Americans resisted?** They resisted the efforts of the Europeans to gain more of their land and control through both warfare and diplomacy. But problems arose for the Native Americans, which held them back from their goal, including new diseases, the slave trade, and the ever-growing European population in North America.

**Why did the Native Americans assimilate?** Americanisation policies were based on the idea that when Indigenous peoples learned the customs and values of the United States, they would be able to merge tribal traditions with American culture and peacefully unite with the majority of society.

**Who was the leader of the Latino civil rights movement?** Leaders such as César Chávez, Reies Tijerina, and Rodolfo Gonzales learned strategies of resistance and worked with leaders of the Black Power movement.

**What civil rights efforts were undertaken by Native Americans?** Although the many tribes and peoples indigenous to the United States have varying civil rights priorities, there are some rights that nearly all Native Americans are actively pursuing. These include the protection of voting rights and resistance to the cultural assimilation of Native Americans.

**In what way was the Latino civil rights movement similar to the African American civil rights movement?** “There are many parallels in the U.S. between the Latino civil rights movement and the African American civil rights movement,” says Perales. “Particularly in the southwest, Latinos experienced segregation in education, public accommodations, and housing that was very similar to the segregation in the deep South.

**How did Mexican Americans and Native Americans work for equal rights after World War II?** Mexican Americans across the Southwest used what they had learned in their war-time efforts and applied it to post-war activism, establishing and supporting Mexican-American organizations that advocated for their rights and challenged segregation and discrimination across the Southwest.

**How did they fight for equality?** Resistance to racial segregation and discrimination with strategies such as civil disobedience, nonviolent resistance, marches, protests, boycotts, “freedom rides,” and rallies received national attention as newspaper, radio, and television reporters and cameramen documented the struggle to end racial inequality.

**Who said equal rights for Latinos?** On May 2, 1954, under Chief Justice Earl Warren, who was governor of California during the Mendez v. Westminster case in

1947, the Court unanimously ruled that the 14th Amendment protects those beyond the members of the “two class theory” and that Mexican Americans were a “special class” in Jackson County, Texas.

**What did the Native American movement fight for?** Out of that ferment and determination, the American Indian Movement was born. AIM's leaders spoke out against high unemployment, slum housing, and racist treatment, fought for treaty rights and the reclamation of tribal land, and advocated on behalf of urban Indians whose situation bred illness and poverty.

**How were Native Americans treated by Americans?** The history of the United States government's treatment of Native Americans (also called Indigenous People) is a sad and cruel one filled with broken promises, forced removal from tribal lands, murderous conflict bordering on genocide and an adamant refusal to respect basic human rights.

**Why did Native Americans fight?** On the Western Plains, pre-Columbian warfare—before the introduction of horses and guns—pitted tribes against one another for control of territory and its resources, as well as for captives and honor. Indian forces marched on foot to attack rival tribes who sometimes resided in palisaded villages.

**What did the Latino movement fight for?** The organization was dedicated to combatting police brutality and racism but some chapters also demanded education, job, and housing equality. By 1969, there were 29 chapters mostly in California but units developed in Colorado, Michigan, Minnesota, New Mexico, Texas and Washington.

**What is the purpose of Latinos in action?** Latinos In Action (LIA) offers an asset-based approach to bridging the graduation and opportunity gap for Latino students, working from within the educational system to create positive change.

**What did Latinos do for America?** Recognizing Contributions: Hispanic and Latinx Americans have made immense contributions to all facets of American society, including art, music, literature, science, politics and sports. From Celia Cruz and Roberto Clemente to Sonia Sotomayor and Lin-Manuel Miranda, their influence is undeniable.

**What role did Latinos play in WWII?** Thousands of Latino men and women on the Home Front worked on railroads, in mines, shipyard and airplane factories and as crucial agricultural labor.

**Is SAP BO a reporting tool?** SAP BusinessObjects Business Intelligence is a centralized suite for data reporting, visualization, and sharing. As the on-premise BI layer for SAP's Business Technology Platform, it transforms data into useful insights, available anytime, anywhere.

**What is the future of SAP BusinessObjects?** Building on the momentum of BI 4.3, SAP unveiled its future release, codenamed SAP BusinessObjects BI 2025. Scheduled for release by the end of 2024, BI 2025 highlights a long-term vision for the platform, extending its end-of-life beyond 2030.

**What are business object reports?** Business Objects Reporting is a robust business intelligence tool designed to facilitate data analysis, visualisation, and reporting within organisations. It empowers users to transform raw data from various sources into meaningful and interactive reports, dashboards, and visualisations.

**Which SAP BusinessObjects reporting tool should you use to answer ad hoc questions and interact with shared information?** To answer ad-hoc questions and interact with shared information in SAP Business Objects, you should use "Web Intelligence." Web Intelligence is a reporting tool within SAP Business Objects that allows users to create ad-hoc queries, analyze data, and design interactive reports for sharing and collaboration.

**What is the best SAP reporting tool?**

**What is the purpose of SAP BO?** The SAP BusinessObjects platform is the core of the reporting and analysis suite. The platform is used as primary access to publish, store, create and share reports and to perform analysis within the different products.

**Is SAP BO obsolete?** In the past, SAP was unsure of the future of SAP BusinessObjects by firstly announcing its end-of-life, then introducing a hybrid mode, and as of June 2022, and then again in May 2024, in their Statement of Direction, SAP officially confirmed they would continue to invest in SAP BusinessObjects with a future release.

## **How much does SAP BusinessObjects cost?**
