Is there a second book to breathe? I felt as though I was struggling to breathe myself as I read. It's an eye-opener. Breathe didn't blow me away, but it's one to add to the list of good dystopians if that's what you're after. I'll definitely read Resist, the second and final book in the duology.

Is Breathe by Sarah Crossan a series? Considering it's only a duology I wonder what sort of developments are going to occur in the second book, as surely a romantic happily ever after can't happen before the conclusion. Is breathe 2 related to breathe 1? There is absolutely no proper connection between the two movies; there was no real reason for them to make the second movie the way they did.
