Speaking of Crime: The Language of Criminal Justice

The criminal justice system is a complex and ever-evolving field, with its own unique language. Understanding the terminology can help you navigate the system more effectively.

1. What is the distinction between a crime and a felony?

A crime is any act or omission that violates law and is punishable by the government. Felonies are more serious crimes, usually punishable by imprisonment for more than one year. Misdemeanors are less serious crimes, punishable by fines or short jail terms.

2. What is the role of a prosecutor?

A prosecutor represents the government in criminal cases. They are responsible for investigating crimes, presenting evidence in court, and arguing for a conviction.

3. What is a defense attorney?

A defense attorney represents the accused in criminal cases. They are responsible for protecting the rights of their client and arguing for their innocence.

4. What is the difference between a plea bargain and a trial?

A plea bargain is an agreement between the prosecutor and the accused in which the accused pleads guilty to a lesser charge in exchange for a lighter sentence. A

trial is a formal proceeding in which the jury or judge decides whether the accused is guilty or not guilty.

5. What are the different types of sentences?

Sentences in criminal cases can include imprisonment, fines, probation, and community service. The type of sentence imposed will depend on the severity of the crime, the defendant's criminal history, and other factors.
